Dental Chair Unit – 21A01

Advin health care Provides Dental Chair With International quality Standards. A dental unit is the necessary work tool of every dental professional. This dental unit consists of specific parts that include the dental chair, stool, lighting, hydric box, aspiration, cuspidor and other elements that we will explain below.

Advanced Features:

- 🪑 Comfortable
- 🪑 Sturdy frame
- 🪑 Excellent head rest

Specification:

- 🪑 Electrically operated Dental chair with mount unit
- 🪑 Seamless Seat Upholstery & PU Moulded Arm Rest
- 🪑 Larger Instrument Tray with Pneumatic Locking System
- 🪑 Adjustable Double Articulated Head Rest
- 🪑 Dental Chair Unit with Movable Assistant Arm
- 🪑 Halogen Light with Two Intensity
- 🪑 X-Ray Viewer with White Light
- 🪑 Fix Glass Spittoon with Spittoon & Tumbler Water System
- 🪑 2 nos. 3-way Syringe with Removable and Auto Cleavable Tip
- 🪑 2 nos. Air-Rotor Control Points.
- 🪑 2 nos. Suction (Pneumatic & Ele.Operated)

Dental Chair Unit	-	21A01

Dental Air Compressor - 21B01

We, Advin Have oil free dental compressor with 40 ltr with 1hp this specially designed for medical & surgical hospital very salient range also used in dental hospital or clinic.

Advanced Features:

- 👉 Oil Free Compressor
- 👉 Slient Compressor
- 👉 Corrosion Proof
- 👉 Accurate Flow rate

Technical Specification:

Technical Specification	
Power Supply	240 V AC / 50 Hz
Power	1HP
Air Flow	135L/min.
Max. Pressure	8 Bar
Speed	1400RPM
Tank Capacity	40L

Product Code:

Product	Size	Code
Dental Air Compressor	40 L	21B0140

Dental X-Ray Machine - 21C01

Advin Dental X-Ray Machine with international Quality standard. Dental X-rays (radiographs) are images of your teeth that your dentist uses to evaluate your oral health. These X-rays are used with low levels of radiation to capture images of the interior of your teeth and gums. This can help your dentist to identify problems, like cavities, tooth decay, and impacted teeth.

Advanced Features:

- 👉 Rugged design
- 👉 Simple Usage
- 👉 Perfect functioning
- 👉 Digital Display & Soft Touch Buttons
- 👉 In Built Stabilizer With Remote Operated
- 👉 High Efficiency for Sharp Radiography

Technical Specification:

Technical Specification	
Mount	Floor Mount / Wall Mount
Power supply	230 V AC/ 50 Hz
Power Consumption	1.2KW
X –Ray Tube	70kVp, 8mA
Focus To The Skin Distance	20cm
Exposing Times	0.02s to 1.99s. In Steps of 0.1sec. with up and down Scrolling Facility Internally Lead Coated X-Ray & Tube Head.

Product Code:

Product	Size	Code
Dental X-ray Machine	-	21C01

Ultrasound Scaler Machine - 21D01

Advin Ultrasound Scaler Machine with international Quality standard. Ultrasonic scalers use ultrasound to remove calculus deposits from your teeth more effectively. They work mechanically using high vibrational energy that effectively blasts calculus, so it is easier to remove.

Advanced Features:

-  Compact design
-  Reliable usage
-  Durable
-  Application: Canal Root Treatment

Technical Specification:

Technical Specification	
Operation Mode	Electricity
Power supply	110-230 V
Output Power	3W-20W
Dimension	188 mm x 159 mm x 81 mm

Product Code:

Product	Size	Code
Ultrasound Scaler Machine	-	21D01

Dental Light Cure Unit - 21E01

Advin Dental Light Cure Unit with international Quality standard. A Dental Light Cure Unit is a piece of dental equipment that is used for polymerization of light cure resin based composites. It can be used on several different dental materials that are curable by light. The light used falls under the visible blue light spectrum.

Advanced Features:

-  Aluminium shell handle
-  Size : 23* 160mm
-  Weight 160g
-  Grade Ordinery
-  B Type Working voltage 100 -220VAC

Technical Specification:

Technical Specification

Power Source	Electric
Operating Type	Semi-Automatic
Material	Stainless steel
Color	White

Product Code:

Product	Size	Code
Dental Light Cure Unit	-	21E01

Air Rotor Handpieces - 21F01

Advin Air Rotor Handpieces with international quality standard. It is used for operative procedures such as the removal of dental caries or for polishing enamel or restorative materials.

Advanced Features:

- 🔧 Solid Titanium Body- Best fits in your hand
- 🔧 Cellular Glass Optics- Illumination for better view
- 🔧 Ceramic Bearings- Quieter and longer life
- 🔧 Clean Head System for enhanced infection control
- 🔧 Non-Retraction Valve
- 🔧 Ultra Push Chuck- Simple yet secure fastening
- 🔧 Triple Water Spray for efficient cooling
- 🔧 Ergonomic Grip- Secure Grip for your confidence
- 🔧 Replacement Cartridge- Easy and quick Cartridge exchange
- 🔧 Only external body component is titanium

Technical Specification:

General Specification

Power Supply Speed Noise Operating Air Pressure	230 V AC / 50Hz 30000 RPM 65 dB 0.25 – 0.3 Mpa
--	---

Product Code:

Product	Size	Code
Air Rotor Handpieces	-	21F01

Contra Angle Handpieces - 21F02

Advin Contra Angle Handpieces with international quality standard. A Contra Angle handpiece is a hand-held, mechanical instrument used to perform a variety of common dental procedures, including removing decay, polishing fillings, performing cosmetic dentistry, and altering prostheses.

Advanced Features:

- 🦷 Easy to Use
- 🦷 Long functional life
- 🦷 Resistant to corrosion
- 🦷 Head latch with contra angle hand piece
- 🦷 Compatible with all brands of Micro-motor and air rotor
- 🦷 Grey colour hand piece
- 🦷 Autoclavable at 134°C for 20 min
- 🦷 Ball bearings based
- 🦷 Compatible with any Micro Motor & Air Motor

Technical Specification:

Technical Specification

Power Source	230 V AC / 50 Hz
Speed	300000 RPM
Noise	65 dB

Product Code:

Product	Size	Code
Contra Angle Handpieces	-	21F02

Straight Handpieces - 21F03

Advin Straight Handpieces with international quality standard. The handpiece Anthogyr aims to support the daily acts: denture retouching, working on the dentine, cutting of tooth or parts of the tooth, denture cutting. 1:1 speed ratio. Balls bearings for increased durability. For use with long or short burs.

Advanced Features:

- 🔧 High Efficiency
- 🔧 Convenient to use
- 🔧 Straight attachment hand piece
- 🔧 40,000 rpm with 3 ball-bearings
- 🔧 High quality product
- 🔧 Compatible with all brands of Micro-motor and air motor
- 🔧 Gray colour hand piece
- 🔧 Autoclavable at 134°C for 20 min
- 🔧 Ball bearings based
- 🔧 Compatible with any Micro Motor & Air Motor

Technical Specification:

Dental Micro Motor – 0400106

Advin Health Care Offers Dental Micro Motor with international quality standards. Designed to meet the high precision, reliability and power/speed required for driving mostly Diamond Burs/fraises. Transplant/Biopsy Punches, Drills with standard 2.35 mm diameter and other small instrument where high speed rotation is required.

Advanced Features:

- 🔌 Compact and portable size
- 🔌 Continuous variable speed control
- 🔌 On/off Switch
- 🔌 One-touch change of the driving direction for efficient operation
- 🔌 Ensuring smooth operation
- 🔌 Possible to attach a contra
- 🔌 Angle or straight handpiece for the desired purpose

Technical Specification:

General Specification

Power	110/220 V AC
Speed	35000 RPM
Torque	2.9 Ncm
Diameter	2.35 mm

Product Code:

Type	Size	Code
Dental Micro Motor	-	0400106

Dental Impression Tray – 21F05

Advin Health Care Offers Dental Impression Tray with international quality standards. Usually made from plastic dental impression trays hold the impression material while the impression is being created intraorally, and then provide a firm backing to make sure the impression is free of distortions as it finishes setting.

Advanced Features:

- 🦷 Disposable Perforated plastic Trays
- 🦷 Consistent Impressions
- 🦷 Made with Polymer or ABS

Product Code:

Product	Color	Code
Dental Impression Tray	Purple	21F0501
Dental Impression Tray	Blue	21F0502
Dental Impression Tray	Green	21F0503
Dental Impression Tray	Pink	21F0504
Dental Impression Tray	White	21F0505
Dental Impression Tray	Yellow	21F0506
Dental Impression Tray	Orange	21F0507

Dental RVG Sensor – 021G01A

Advin Health Care Offers Dental RVG Sensor with international quality standards. The Radio Visio Graph (RVG) imaging commonly used in dentistry to take intraoral Periapical radiographs features the latest innovations in digital radiography, delivering the highest image resolution (> 20 LP/mm).

Advanced Features

- 👉 CMOS Technology
- 👉 Unique Size 1.5 Extra active area 34%
- 👉 High Comfortable: Cut Corners & Rounded Edges
- 👉 Fast Data Transfer: Direct USB Connector
- 👉 Water & Dust Proof: Hermetically Sealed
- 👉 Easy to Use & Manage Patient Data

Technical Specification:

General Specification

Pixel Size	29.6 AZ¼m
Theoretical Resolution	17 lp/mm
Dynamic Range	12 bit
Active Area	1.5 _ 24 x 33mm
Dimensions	1.5 _ 29.2 x 39.5mm (1.14 x 1.55 inch)
Thickness	4.8 mm (0.19 inch)
Cable Length	2.7 meter

Product Code:

Type	Size	Code
Dental RVG Sensor	-	021G01A

Dental RVG Sensor Sleeves– 021G01B

Advin Health Care manufacture high quality safer and more comfortable RVG Sensor Sleeves it is necessary to use new RVG sensor sleeves on every patient it avoids the cross infection from saliva and other bacterial infection from sensor. It is very important while using theses sleeves one should not loose on clarity.

Advanced Features:

- 👤 User Friendly
- 👤 Soft, tear resistant plastic
- 👤 Fits on any sensor
- 👤 Made from food grade material
- 👤 Leak Proof construction
- 👤 Avoid cross infection from wire type
- 👤 Free of irritation
- 👤 No allergy affects
- 👤 Non lubricated and toxic
- 👤 Packaging: 500 sleeves in one Box

Product Code:

Product	Size	Code
Dental RVG Sensor Sleeve	4.5 cm x 20 cm	21G01B

Surgeon Stool - 1G02

Advin health care provides Surgeon Stool with international quality standards.

Advin Surgeon Stool gives corrosion proof, medical grade material, durable body structure, high strength. Advin has 10 year experience of manufacturing Surgeon Steel. Also known Doctor Stool.

Advanced Features:

- 🪑 Surgeon stool made in Mild Steel
- 🪑 Surgeon stool mounted castor wheel
- 🪑 5 Nos. 50 mm diameter non-rusting castor wheels
- 🪑 Height adjustment surgeon stool
- 🪑 With Backrest Support
- 🪑 Surgeon stool with cushioned seat

Technical Specification:

General Specification

Size	54 cm- 74 cm H
Finish	Epoxy Powder Coated.

Product Code:

Product	Size	Code
Surgeon stool / Doctor Stool	-	1G02

Portable Dental Trolley - 21101

Advin health care provides Portable Dental Trolley with international quality standards. It is used in dental clinic for storing all types of dental material and instrument. Made of stainless steel material.

Advanced Features:

- 🏠 3 tier Trolley
- 🏠 these trolleys help in storing all kind of material
- 🏠 Through its double castors, it is flexible and easy to move
- 🏠 The cart is antiseptic painted
- 🏠 Trolley Mount on 100mm Castor Wheel
- 🏠 Powder Coated

Product Code:

Product	Size	Code
Portable Dental Trolley	610 x 510 x 840 mm	21101

Advin Health Care

Glass Steam Sterilizer - 21J01

Advin health care provides Glass Steam Sterilizer with international quality standards. For use in Biotechnology/Tissue Culture research and production. These are compact stainless Steel units, and can be placed on Laminar Air Flow Benches. Glass Bead Sterilizers are a quick, Easy and Accurate alternative to traditional methods of sterilization. It destruct all micro organism within seconds.

Advanced Features:

- 👉 Easy to use
- 👉 Made of Stainless Steel
- 👉 Portable & Durable
- 👉 It destruct all micro organism within seconds
- 👉 30 Minute Initial Stabilization Time

Technical Specification:

General Specification

Cabinet Size	150 x 155 x 225 mm (L x W x H)
Crucible (Brass) size	2" dia x 6" Depth
Preset Temp. Range	50°C – 300°C
Initial Stabilization Time	30 Minutes
Input	220V 50 Hz Or 110V 50 Hz

Product Code:

Product	Size	Code
Glass Steam Sterilizer	-	21J01

Front Loading Autoclave - 12C04

Advin health care Provides Front Loading Autoclaves with international quality standards. Advin Front Loading Autoclave Also Known As Table Top Flash Autoclaves. IT is used in Hospital, Clinic ,Laboratories Etc.

Advanced Features:

- 🏠 All outer body parts are SS or powder Coated
- 🏠 Fully automatic control panel with option to operate on 134 °C.
- 🏠 Front hinged door
- 🏠 High-quality silicone gasket
- 🏠 Stainless steel tray

Technical Specification:

General Specification

Size	250mm x 400 mm (23 Liters capacity)
Chamber	SS 304 Thickness:- 3 mm
Door	Hinge Door (made from SS 304)
Shooting Bolts	SS 304
Operating Pressure	1.2 kg/cm ²
Pressure Transmitter	For measuring and controlling the pressure-vacuum that the load is subjected to during removal.
Operating Temperature	121 °C
Outer cover	Made from mild steel with powder coated
Steam Generator	SS 304 in built in the machine
Heating	2 Industrial immersion heaters of 6Kw each
Automation Hardware	PLC Make: Standard, HMI Make: Standard,
Power Supply	230V AC – 50 Hz

Product Code:

Size	Capacity	Code
250 x 450 mm	23 Litter	12C0423

Intraoral Camera - 21K01

Advin health care provides Intraoral Camera with international quality standards. An intraoral camera is a tool that dentists use to look at various parts of your mouth more closely. The intraoral camera is a lightweight, stylish tool which can be used in order to take quality color pictures of your teeth and gums and other parts of your mouth if necessary.

Advanced Features:

- 👉 Easy to use
- 👉 Easier communication
- 👉 Handy ergonomics
- 👉 Uncomplicated fixed-focus
- 👉 Simple but efficient lighting system
- 👉 Sharp image instantly
- 👉 Smart Touch
- 👉 Automatic shutter speed

Technical Specification:

General Specification

High sensitivity Resolution	1/4" CCD
Sensitivity	(752x582) PAL;(768x494) NTSC
Lighting	2 lux
Angle of view	8 LED
Cable length	80°
Dimensions of the hand piece in mm	2.5 m
Usable part dimensions in mm	L. 205 x W. 28 x H. 24
Weight	W. 16 x D. 11.10
	55 g

Product Code:

Product	Size	Code
Intraoral Camera	-	21K01

Dental Amlgamator - 21M01

Advin health care provides Dental Amlgamator with international quality standards. A dental amalgamator is used in the field of dentistry for the blending of restorative materials such as silver amalgam capsules and glass ionomer. A modern amalgamator is a computerized mixing system that works under the control of a microprocessor. This ensures a precise, controlled, and consistent mix.

Advanced Features:

- 👉 Controlled, Consistent mix
- 👉 Noisless, Stable operation
- 👉 Elevation safety standards met
- 👉 Ergonomic design
- 👉 Easy Maintenance

Technical Specification:

General Specification

Voltage	220V/50 Hz
Absorbed Power	200w
Fuse	2A
Mixing frequency	4500 RPM
Noise	65db
Programmable mixing time	1-99 sec
Dimension	33x27x20cm
NET Weight	4.3kg

Product Code:

Product	Size	Code
Dental Amalgamator	-	21M01

Apex Locator - 21N01

Advin health care provides Apex Locator with international quality standards. Apex locators can be used to determine if the perforation communicates with the periodontal membrane, This is based on Sunada's2 findings that the electrical resistance between the mucous membrane and the periodontium can be considered to have a constant relationship.

Advanced Features:

- 👉 Equipped with clear bright LCD, clear image and different color indicate the trajectory of the file clearly
- 👉 Based on advanced multiple frequency network impedance measurement technology and automatic calibrating ensures the measurements are accurate
- 👉 Autoclavable file clip, file hook, file probe. Avoiding cross infection effectively
- 👉 The battery is rechargeable, don't need replace the battery repeatedly
- 👉 Folding, easy to adjust the visual angle

Technical Specification:

General Specification	
Battery	3.7V/750mAh
Power consumption	0.5W
Screen	4.5" LCD
Main unit weight	336g
Dimensions	84mm, 88mm, 112mm

Product Code:

Product	Size	Code
Apex Locator	-	21N01

Mouth Prop - 21001

Advin health care provides Mouth Prop with international quality standards. Mouth props are routinely used in dentistry to improve the quality of dental care and the comfort and safety of the patient.

They can help prevent fatigue from the mouth staying open during long visits, as well as accidental patient closing that may cause trauma or moisture contamination of the area being treated.

Advanced Features:

- 👤 Made from synthetic rubber and natural rubber proteins, Latex Free
- 👤 Sterilizable by standard tabletop sterilizable: temperature: 121°C exposure time: 30 minutes
- 👤 Tongue grad block tongue moving so that no injury would happen during the whole treatment
- 👤 Made of high quality comfortable and flexible silicone
- 👤 Soak disinfection

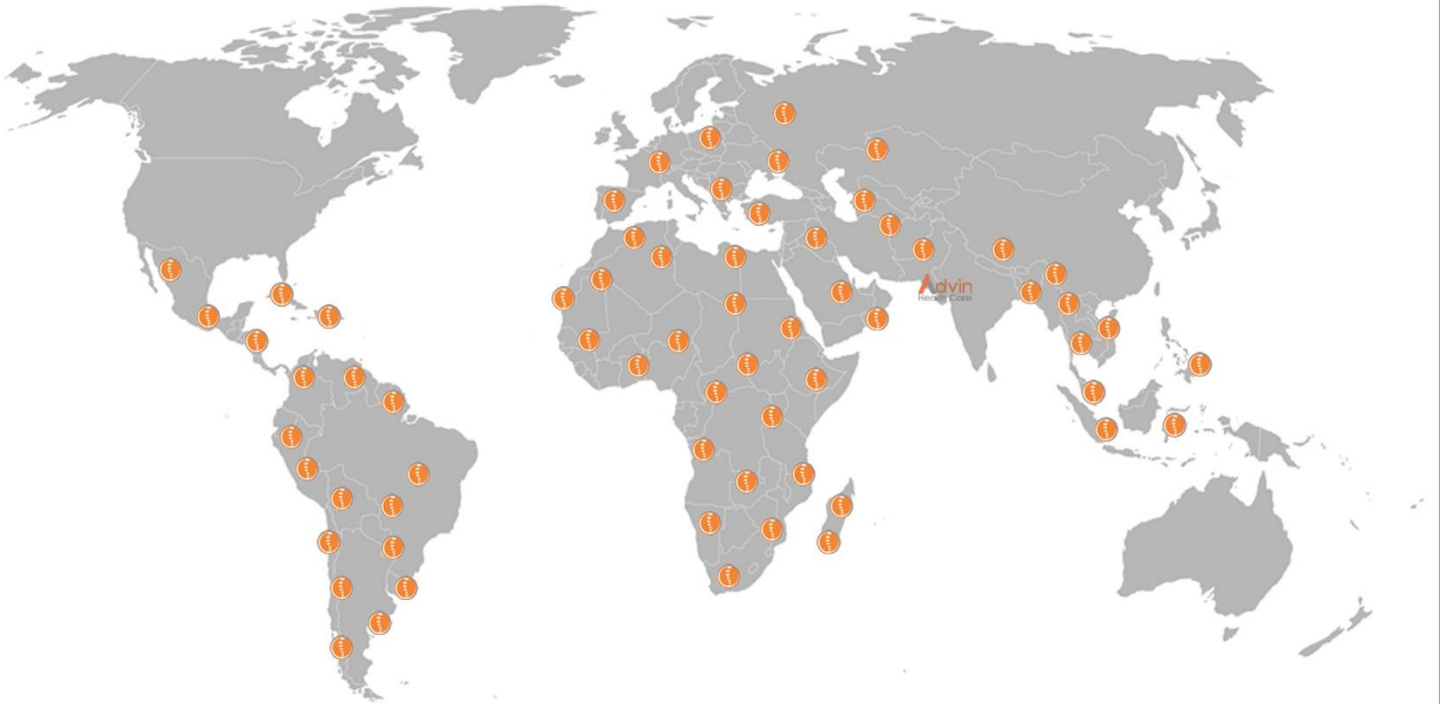

Product Code:

Product	Size	Code
Mouth Prop	Small	21001S
Mouth Prop	Medium	21001M
Mouth Prop	Large	21001L
