Gynecology Operation Table - 2A09

We, Advin Health care Offers of Gynaecology Operation Table with international quality standards. Gynaecology operating table are designed to provide accurate positioning with an easy electrical operation. These tables are ideal for use in all the major surgical process that requires precision. We offer Gynaecology operating table in different models based on the requirements of the clients.

Advanced Features:

- 🔗 Functional, versatile, Flexibility and precision
- 🔗 Hygienic design, Easy cleaning, User- friendly
- 🔗 Electric Up-Down by cable remote
- 🔗 Eccentric pillars, Stainless Fitting
- 🔗 Detachable, head, led & pelvic section
- 🔗 Base & cover made of attractive easy to clean SS

Technical Specification:

Technical Specification

Size	160 cm L x 52 cm W x 75 cm - 95 cm H
Lateral Tilt	±20°
Back Section	±60°
Floor locking system	Manual
Surgery For	Gynaecology Surgery

Gynaecology Operation Table	160 cm x 52 cm x 75 – 100 cm	2A09

Hydraulic Operation Table - 2A01

We, Advin, manufacturer hydraulic Operation Table with international quality standards.

Hydraulic operating table are designed to provide accurate positioning with an easy mechanical operation. These tables are ideal for use in all the major surgical process that requires precision.

The table is adjusted with the help of heavy duty leak-proof hydraulic pump concealed in stainless steel covered chamber. We offer hydraulic operating cylinders in different models based on the requirements of the clients.

Advanced Features:

- 🏠 Centric Pillars,Stainless Fitting
- 🏠 Detachable, head & led,Four Sectional
- 🏠 Base & cover made of attractive easy to clean SS
- 🏠 Sophisticated mechanics provide smooth
- 🏠 Step less articulation of the table top for precise patient positioning
- 🏠 Press paddle for height adjustment.

Use In:

- 🏠 General Surgery
- 🏠 Urology Surgery
- 🏠 Gynaecology Surgery
- 🏠 Laparoscopy Surgery

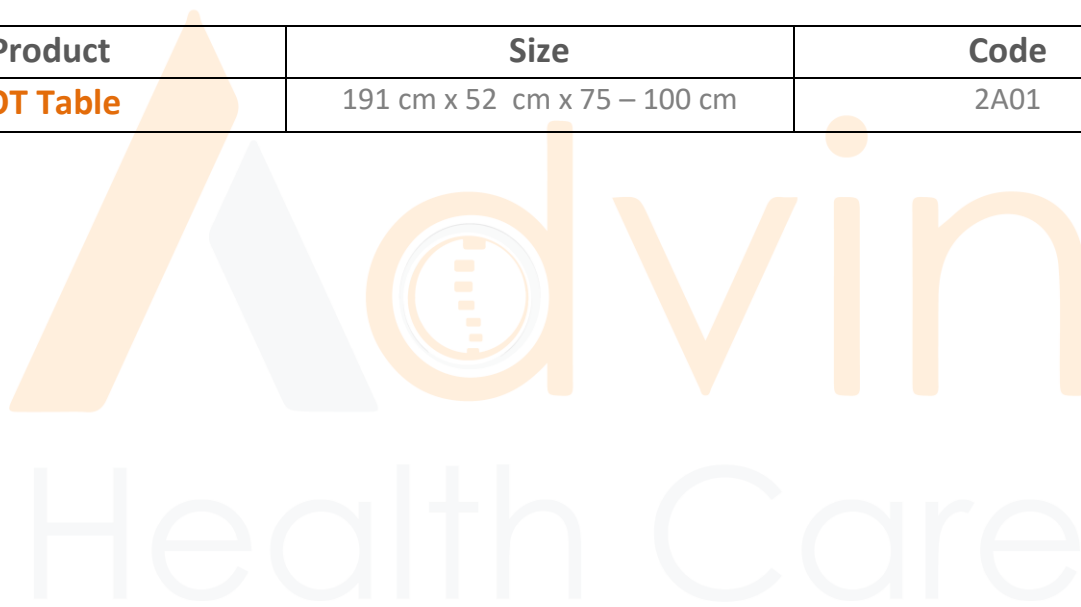

Technical Specification:

Hydraulic OT Table	191 cm x 52 cm x 75 – 100 cm	2A01

Gynecology Examination Table - 1K04

Advin Health care leading manufacturer Gynecology Examination Table with international quality standards.

Advin Examination couch cum Gynec Table gives corrosion proof, Quality Ensured, durable body structure, high strength. Advin has 10 year experience of manufacturing Gynec Examination Table.

Advanced Features:

- 🔗 Headrest adjustable mechanically on ratchet mechanism
- 🔗 Lithotomy leg holder
- 🔗 CRCA tubular frame work
- 🔗 Heavy duty floor protecting PVC shoes
- 🔗 CRCA Top In Two Section
- 🔗 Perineal access at leg end

Technical Specification:

General Specification

Size	183 cm L x 61 cm W x 82 cm H
Finish	Epoxy powder coated.
Optional Accessories	PU Form Mattress in 2 section

Product Code:

Product	Size	Code
Gynaecology Examination table - MS	183 x 61 x 82 cm	1K04A
Gynaecology Examination table – SS	183 x 61 x 82 cm	1K04B

CTG monitor – 16A01

Cardiotocography (CTG) is a technical means of recording the fetal heartbeat and the uterine contractions during pregnancy. The machine used to perform the monitoring is called a cardiotocograph, more commonly known as an electronic fetal monitor (EFM).

CTG monitoring is widely used to assess fetal wellbeing. A review found that in the antenatal period (before labour) there is no evidence to suggest that monitoring women with high-risk pregnancies benefits the mother or baby although research around this is old and should be interpreted with caution.

Advanced Features:

- 👂 Long life, high Resolution, built in Thermal Recorder
- 👂 Display 8" color lcd
- 👂 Image Freeze Function
- 👂 Sound & color remind users of high & low fetal heart rate.
- 👂 Manual Records Fetal Movement
- 👂 FHR 120~160 bpm normal range label
- 👂 In built rechargeable battery with apporx. 2 Hr battery backup
- 👂 Continuous 24 Hrs real time monitoring function
- 👂 Built in 2 rechargeable batteries insure that could still working normally for two hrs, after the power supply breaks off
- 👂 9 crystal broadband pulsed wave transducer
- 👂 Continuous 12hrs patient curve and data storage, playback & print
- 👂 Rotatable Screen 60 Degree

Technical Specification:

Power Supply	
Power Supply	100-240V AC, 50/60Hz
Power Consumption	50Hz / 60Hz
Ultrasound Probe	
Work Frequency	1.0MHz \pm 10%
Nominal Frequency	1.0MHz
Output beam intensity	Lob \leq 20mW/cm ²
Negative Peak Sound pressure	P \leq 1Mpa
The peak time space peak intensity	Ispta \leq 100mW/cm ²
FHR Range	50 bpm ~ 240 bpm
Resolution	1bpm
Accuracy	\pm 2bpm
TOCO	
Toco Range	0 ~ 100%
Resolution	1%
Non Linear Error	< \pm 10%
RZ Way	Manually
Fatal Marking	For the manual button (the operation of pregnant woman) there will be mark display in the bottom area of FHR wave display section.
FHR Reminder	Reminder for high and low FHR which exceeds appointed limit.
Printer	
Record paper	Two –double type Z
Print Width	110mm
Valid print width	104 mm
Paper out speed	1 cm/ min; 2 cm/min; & 3 cm/min[optional]
Data Precision	\pm 5 % [X Roll] \pm 1 % [Y Roll]
Record Content	Hospital, Bed number, Name, Pregnancy Week, Patient Number, Paper Speed, Date, Time, FHR data & Wave, Contraction data & wave, fatal move times & mark ETC.
Net interface	RJ 45
Battery Type	2 rechargeable batteries, 3700 mAh/ 3.7

Transducer	[1] ultrasonic transducer System: Pulsed Doppler Dimension: 90 mm x 65 mm [2] TOCO Transducers System: Passive strain gauge Dimension: 102 mm x 50 mm [3] Remote Marker Length: 96 mm
Environment	
Temperature Relative Humidity Atmospheric Pressure	-10°C ~ 55° C ≤ 93% 700hPa ~ 1060hPa
Environment[working environment]	
Temperature Relative Humidity Atmospheric Pressure	5°C ~ 40° C ≤ 93% 700hPa ~ 1060hPa
Physical Characteristics	
Size Weight Mode Optional	320 mm [L] x 260 mm [w] x 80 mm [H] 3 KG Continuous Work Twins monitoring Built –in communication port can be connected with central monitoring system

Digital Colposcope – 16B02

The Digital Video Colposcope system is a camera and imaging module used for clinical examinations of the cervix, vulva, and vagina, and part of the AMD Global Telemedicine family of telehealth products and solutions.

Advanced Features:

- 👁️ Variable Light Intensity
- 👁️ Variable image colors
- 👁️ Auto Focus camera
- 👁️ Change direction of the image from left to right horizontally and from upward to downward vertically
- 👁️ Ergonomic design for easy to operate
- 👁️ Height adjustment of colposcope
- 👁️ Connect to the TV & Medical Grade Monitor

Technical Specification:

Power Supply	
Power Supply	100-240V AC, 50/60Hz
Power Consumption	50Hz / 60Hz
Specification	
Image Processor	CCD Color
Pixels	1200000
Resolution	> 825 lines or > 1000 with Gamma On
E -Flip & mirror Image	Yes
Variable Light Intensity	Yes
Variable Light Intensity	Yes
Multigrade Green Filter	Yes
Blue Filter	Yes
S/N Ratio	>48 dB
Avg LED Life	>50000Hr
Colour Temp	7000K

Illumination	High MCD super Bright White Shadowless LED Light
Focus	Automatic & Manual
Focus Distance	20-30 cm /
Depth of View	200 mm dia – 5 mm
Viewing Area	170 mm dia
Zoom	1-55X
Magnification Display	Yes
Test Timer	Yes
Video Outputs	1 x Y 1 – BNC COMPOSITE 1 – USB (OPTIONAL)
Safety Standard	Complies to IEC60601

Pulmonary Endotrainer SET – 16C01

Advin Health Care manufacturer Pulmonary Endo Trainer with international quality Standards. Pulmonary Endotrainer also known as laparoscopic virtual reality simulator. Pulmonary Virtual Endo Trainer gives feeling like actual Gynaecology procedure to doctors.

It has designed & developed to give the picture as true as laparoscopic camera, without regular laparoscopic video camera, Light source, Telescope & Fiber optic cable. It has 2 to 5 Holes for Instrument and Laparoscope.

Three virtual trocars provided to introduce the telescope and hand instrument. CCD Camera is connected at the end of the telescopic rod, which gives vision of virtual laparoscopy. Video output is connected with Monitor/Television system and gives accurate color vision.

Advanced Features:

- 👤 No need for camera, Light source, Telescope & Fiber optic cable
- 👤 Highly Durable
- 👤 Provides accurate vision
- 👤 Users Friendly

SET includes:

- 👤 Endo Trainer Blunt Grasper Instrument
- 👤 Endo Trainer Maryland Instrument
- 👤 Endo Trainer Needle Holder
- 👤 Endo Trainer Scissor

Product Code:

Product	Type	Code
Pulmonary Endo Trainer	PC/Laptop	16C01AA
Pulmonary Endo Trainer	TV	16C01AB

Pelvic Endotrainer Set – 16C02

Advin Health Care manufacturer Pelvic Endo Trainer with international quality Standards. Pulmonary Endotrainer also known as laparoscopic virtual reality simulator. Pelvic Virtual Endo Trainer gives feeling like actual Gynaecology procedure to doctors.

It has designed & developed to give the picture as true as laparoscopic camera, without regular laparoscopic video camera, Light source, Telescope & Fiber optic cable. It has 2 to 5 Holes for Instrument and Laparoscope.

Three virtual trocars provided to introduce the telescope and hand instrument. CCD Camera is connected at the end of the telescopic rod, which gives vision of virtual laparoscopy. Video output is connected with Monitor/Television system and gives accurate color vision.

Advanced Features:

- 👉 No need for camera, Light source, Telescope & Fiber optic cable
- 👉 Highly Durable
- 👉 Provides accurate vision
- 👉 Users Friendly

SET includes:

- 👉 Endo Trainer Blunt Grasper Instrument
- 👉 Endo Trainer Maryland Instrument
- 👉 Endo Trainer Needle Holder
- 👉 Endo Trainer Scissor

Product Code:

Product	Type	Code
PC / Laptop Pelvic Endo Trainer	PC/Laptop	16C02AA
Pelvic Endo Trainer	TV	16C02AB

Hysteroscopy Irrigation Pump – 14A04

Advin Health Care Manufacturer Irrigation Pump during Endoscopic procedures. Advin Irrigation Pump use in urology Surgery, Arthroscopy, & laparoscopy ETC. The irrigation pump is designed according to the clinical experiment and is suitable for hysteroscope and urological surgery system. The intelligent self-diagnosis function can directly connect the infusion tube of the pressure sensor to the equipment, convenient and quick.

Advanced Features:

- 🏆 Maintain inside pressure
- 🏆 Auto cut off / auto start
- 🏆 Accurate Result
- 🏆 Work on any surgical procedure
- 🏆 Compatible with any instruments
- 🏆 Light weight
- 🏆 Fast, safe and economical

SET includes:

- 🏆 Irrigation Pump – 1
- 🏆 Power Cable – 1
- 🏆 Tubing – 1
- 🏆 Bottle Connector – 1
- 🏆 Y connector - 1

Technical Specification:

Technical Specification

Power Supply	240 V AC – 50Hz
Power Consumption	100VA
Flow Rate	10 – 9999 MI/Min
Pressure Range	10 – 500 mmHg
Accuracy	± 10%

Gynecology Morcellator - 15E01

Morcellator is commonly used at surgery to remove bulky specimens from the abdomen using minimally invasive techniques. In laparoscopic hysterectomy the uterus is minced up, or morcellated, into smaller pieces inside the woman's abdominal cavity in order to extract from the abdomen.

Advanced Features:

- 🏠 Digital Morcellator
- 🏠 Reverse and forward movements
- 🏠 High cutting torque and speed
- 🏠 Cutting Speed can be adjusted while operation
- 🏠 Can break large tissues

Accessories:

- 🏠 Control unit – 1 No
- 🏠 Power Cable – 1 No
- 🏠 Foot switch – 2 Nos.
- 🏠 Hand piece – 1 No
- 🏠 Tenaculum Forceps – 1 No
- 🏠 Cutter – 2 No

Technical Specification:

Technical Specification

Power Supply	100 – 240 Ac
Frequency	50Hz
Maximum Power	50 W
Classification	Class I, type BF

Product Code:

Product	Size	Code
Gynaecology Morcellator		15E01

Infant Radiant Warmer - 16E01

Advin Infant Radiant Warmer is also known as Radiant heat warmer / intensive care warmer. Radiant Warmer, is a body warming device to provide heat to the body.

This device helps to maintain the body temperature of the baby and limit the metabolism rate. Radiant Warmers are full featured NICU equipment to meet Neonatal critical care requirements for new-born baby those in need of temperature maintenance.

Advanced Features:

- 👉 Micro Controller Based Temperature Controlling
- 👉 Provides Thermal regulation with highest degree of accuracy
- 👉 User friendly features and control panel, Easy to operate
- 👉 LED Examination Lamp Provides accurate assessments of infant color and sufficient illumination during procedures
- 👉 Consists of Ceramic infrared Heater with higher power output and more durability than any tubular silicon quartz glass heaters
- 👉 The source box can be swivelled to take x-ray
- 👉 Baby Tray Clear acrylic collapsible side panels to assess an infant from all sides. Acrylic with cushion Mattress

Types of Temp. Controllers:

- 👉 Manual - Use for Pre warm baby, Directly control and user adjustable Heater power
- 👉 Skin - Automatic maintain temperature and control Heater with power saving functionality

Display

- 👉 LCD display for Time, Mode and Alarm
- 👉 Mute indication LED
- 👉 Seven segment display for skin Temperature and Set Temperature
- 👉 Provided IV stand and patient Monitor stand
- 👉 Power Failure indication LED

Technical Specification:

General Specification	
Dimension	95 cm L x 64 cm W x 176 cm
Bed Size	51 cm x 76 cm
Bed Height	85 cm
Heater Rotation	±90° Rotation to the side
Heater Unit Height	168 cm
Technical Specification	
Control System	Micro controller based smart system
Skin mode	Set temperature range +32°C to +37°C with 0.1°C increments.
Manual Mode	Set heater Power in 5 stages, increments of 20%.
Heater output	0 - 600 W
Temperature Measurement Accuracy	± 0.5°C at 30°C to 40°C
Temperature Display Accuracy	± 0.3°C
Temperature Probe Accuracy	± 0.5°C
Environmental Requirements	
Storage temperature	-40°C to +70°C
Operating temperature	+ 18 °C to +30°C
Storage Humidity	20 to 90% RH
Operating Humidity	30 to 70% RH
Power Supply	
Power Requirements	230V 10%,50-60Hz
Power Consumption	600W max

Product Code:

Product	Type	Code
Infant Radiant Warmer	without Trolley	16E01
Infant Radiant Warmer	With Fix Trolley	16E02
Infant Radiant Warmer	With Detachable Trolley	16E03

LED Phototherapy Unit - 16F01

LED Phototherapy unit used for helping in breathing, this product is available in various technical specifications as per the requirements of our valuable clients.

The provided product is widely acknowledged by our esteemed clients owing to its long functional life and smooth operations. Furthermore, we provide this medical equipment to our clients at most reasonable price.

Advanced Features:

- 🏠 White Led for baby examination
- 🏠 Also time pause / Start switch
- 🏠 Run time also reset time switch
- 🏠 No cooling fan required
- 🏠 Optical design ensures uniform light distribution to the patient surface area
- 🏠 Led phototherapy with high bright LED lamps

Technical Specification

Technical Specification

Display	16 x 2 LCD Display
No. Of LEDs	14 LED Blue
Optimal Wavelength	450 – 460 nm
Average Life	30,000 Hr
Rotatable	90 degree
Adjustable Height	100 – 142 cm
Power Consumption	20W
Power Supply	120 – 240 V AC, 50 - 60 Hz
Main LED Unit	38 x 30.5 x 5 cm
Base	61 x 44 Cm

Product Code:

Product	Size	Code
LED Phototherapy Unit	Upper surface	16F01
LED Phototherapy Unit	Lower surface	16F02
LED Phototherapy Unit	with Trolley	16F03

Portable Infant Warmer Bag - 16H01

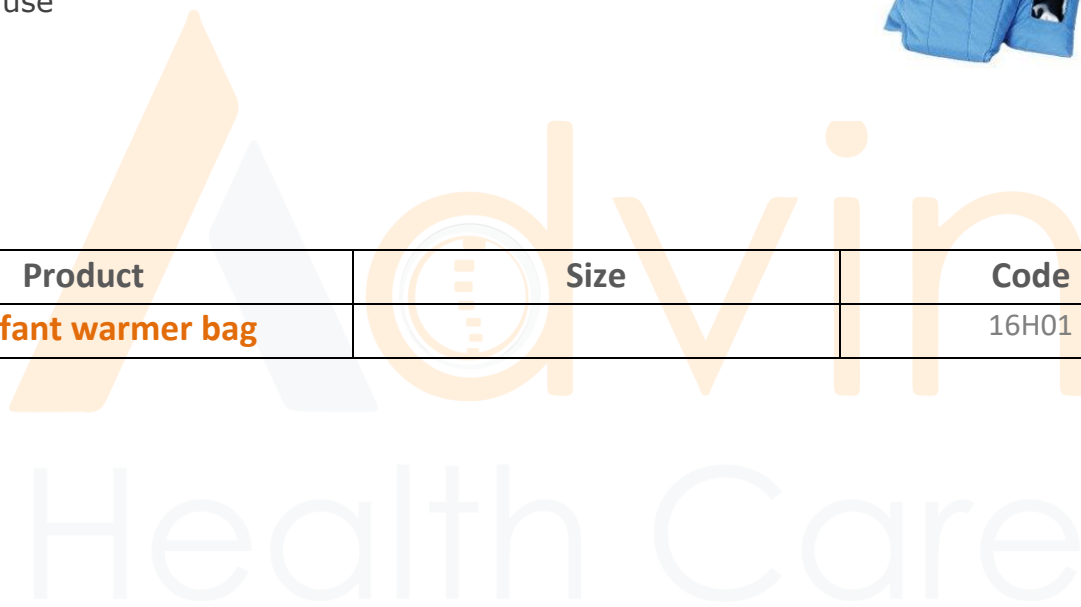

Portable Infant Warmer Bag is a low-cost solution that maintains the body temperature of premature and low-birth-weight babies at the desired level even with intermittent access to electricity.

Advanced Features:

- 👉 Cost Effective
- 👉 effective phase change material to stabilize rapidly the temperature of an infant suffering from hypothermia
- 👉 Durable, Portable & hygienic
- 👉 Accurate
- 👉 Easy To use

Product	Size	Code
Portable infant warmer bag		16H01

Oxygen Hood - 16I01

An oxygen Hood consists of a canopy placed over the head and shoulders, or over the entire body of a patient to provide oxygen at a higher level than normal.

Some devices cover only a part of the face. Oxygen tents are sometimes confused with altitude tents as used by athletes and those looking to acclimatize to a higher altitude, but those contain a reduced oxygen content.

Advanced Features:

- 🩺 Single piece round shape made up of Autoclavable poly carbonate material
- 🩺 Trauma free silicone neck adjustment flap
- 🩺 Bilateral oxygen nozzle prevents direct flow of cold oxygen on patient's head
- 🩺 Transparent & reusable oxygen hoods

Product Code:

Product	Size	Code
Oxygen Hood		16I01

Vein Viewer – 04F09

Advin Health Care Provides Vein Viewer with International quality Standard. Small and portable, the Vein Viewer is a vein finder that allows you to quickly find a patient's vein without undue hassle or trauma to the patient. the vasculature is clearly displayed on the surface of the skin.

Advanced Features:

- 🏠 Rechargeable Battery with Android charger
- 🏠 Optimal area of illumination 3 Difference Intensity Modes
- 🏠 Works on all age patients
- 🏠 Works on dark and light skin tones
- 🏠 ABS Diamond Finish Body
- 🏠 One super bright Light Emitting Diode
- 🏠 Superficial veins can be access easily
- 🏠 Rechargeable in built Battery
- 🏠 Complimentary Android Charger
- 🏠 O-Shaped design

Product Code:

Product	Size	Code
Vein Viewer	Adult	04F09A
Vein Viewer	Paediatric	04F09P

Electric Vacuum Extractor Unit – 16K01

Advin health care offers Gynecology Suction Unit with international quality standards. During vaginal delivery, your doctor may use a vacuum to help remove your baby from the birth canal. This procedure makes delivery more rapid. It may be needed to avoid injury to the baby and to avoid cesarean section.

Advanced Features:

- 👉 Compared to Forces there is much less hazard of damaging the soft birth canal
- 👉 Least or nil injury to the skull of intracranial hemorrhage and / or facial injury or even paralysis
- 👉 Vacuum Indicator shows exact power required and can be set also can be controlled
- 👉 Our all cups will be provided with safety valves for emergency release instantly
- 👉 Autoclaveable Polycarbonate Material Suction Bottle supplied with the unit Multipurpose two in one, it can be used as a suction unit and other part can be used as a nebulizer Air out
- 👉 Used in Op Dept, Especially For suction & delivery, paediatric emergency like mucus removal
- 👉 One Cup will be supplied with the machine and Other design Cups at extra cost
- 👉 Extra safety filter, ON-OFF switch, fuse will be provided Electric Safety

Accessories:

- 👉 Control Unit
- 👉 Suction Bottle – 500 ml
- 👉 Filters
- 👉 Tubing
- 👉 Suction Cup

Product Code:

Product	Size	Code
Electric Vacuum Extractor Set		16K01

Manual Vacuum Extractor Unit – 16K02

Advin health care offers Gynecology Suction Unit with international quality standards. For Minor work with required safety negative pressure achieved.

Suction Pressure can be controlled or seen visually and the user can stop or proceed with the fuction accordingly, since it is controlled by Hand pump. No electricity.

Advanced Features:

- 👉 This vacuum suction cup could assist and shorten second
- 👉 stage of labor in occipital delivery
- 👉 Minimize the risk of Traumas, Cephalohematoma and Forceps delivery
- 👉 The soft suction cup allows for easy insertion and facilitate an excellent vacuum seal
- 👉 The soft cup can protect and decrease possible danger of damaging the fetus head.
- 👉 Black guideline is designed for positioning reference
- 👉 The handle and valve assemblies are manufactured of ABS body
- 👉 The shaft has three molded ridges to facilitate a firm grip
- 👉 This vacuum suction cup is designed to withstand appropriate repeated use and cleaning procedures
- 👉 Metal Handle made of brass and coated with nickel for long life
- 👉 Different Size of vacuum cup

Product Code:

Product	Size	Code
Manual Vacuum Extractor Set		16K02

Silicone Vacuum Cup – 16L01

The use of metal vacuum may often cause abrasions of the scalp or suggillation since the limited area over which the instrument is fit, is pressed by the difference in pressure between the marked sites.

It involves no risk of cephalohematoma because a slight difference between the internal and external pressures at the marked sites is dispersed over a wide area onto which the cup is fitted.

Advanced Features:

- 👉 Least or nil injury to the foetus
- 👉 Silicon cup can be used with no anxiety
- 👉 Easy to handle
- 👉 Used for suction and delivery
- 👉 Portable
- 👉 Light weight
- 👉 Comfortable to use

Product Code:

Product	Size	Code
Silicone Vacuum Cup	Small	16L01S
Silicone Vacuum Cup	Medium	16L01M
Silicone Vacuum Cup	Large	16L01L

Metal Vacuum Cup – 16L02

It is an instrumental device designed to assist delivery by creating a vacuum between itself & the fetal scalp. Suction cup of variable size. It is either metallic or silicone.

Advanced Features:

- 👉 Least or nil injury to the foetus
- 👉 Easy to handle
- 👉 Used for suction and delivery
- 👉 Portable
- 👉 Light weight
- 👉 Comfortable to use

Application

- 👉 Station of the head & its position is assessed
- 👉 Instrument is checked to be in working condition before application
- 👉 Selection of the cup is important
- 👉 The Cup is introduced after retraction of perineum with two fingers of the other hand

Product Code:

Product	Size	Code
Metal Vacuum Cup	Small	16L02S
Metal Vacuum Cup	Medium	16L02M
Metal Vacuum Cup	Large	16L02L

Manual Breast Pump - 16M01

Manual Breast Pump simple way to support breast feeding for your baby. Small, portable and convenient, Provides consistent suction for more comfortable and efficient milk expression.

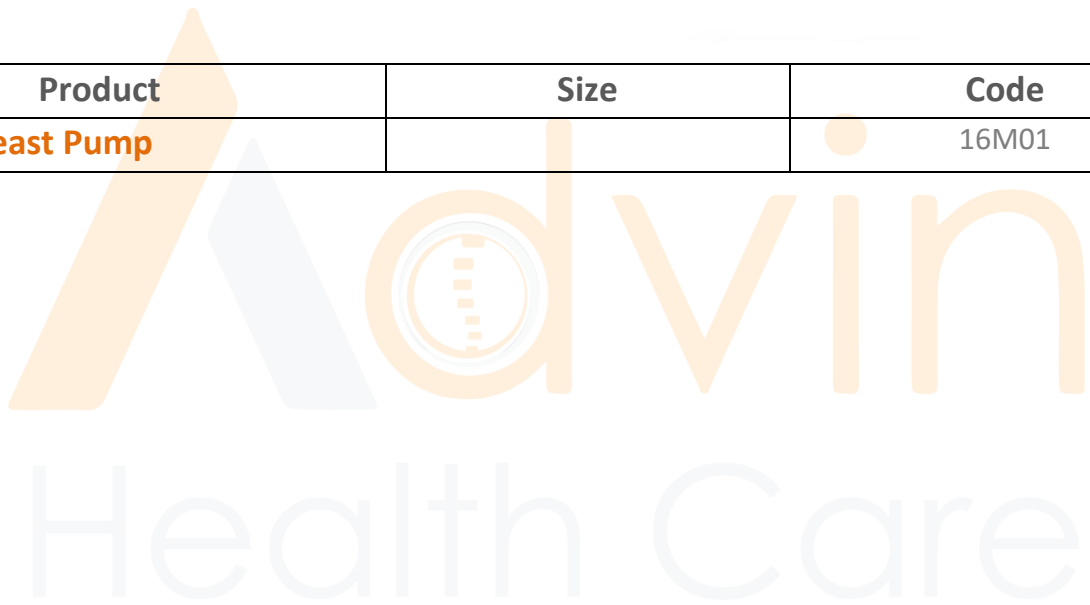

Advanced Features:

- 👶 Easy to use & safe
- 👶 Cost-effective
- 👶 Convenient and portable High efficiency

Product Code:

Product	Size	Code
Manual Breast Pump		16M01

Electric Breast Pump - 16M02

Electric Breast Pump simple way to support breast feeding for your baby. Small, portable and convenient, Provides consistent suction for more comfortable and efficient milk expression.

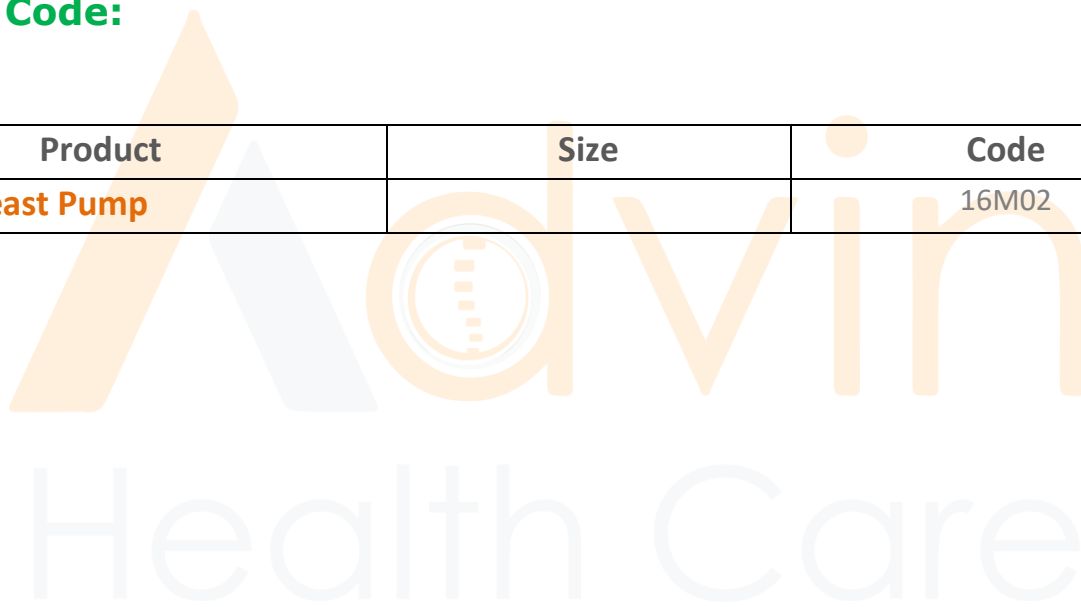

Advanced Features:

- 😊 Easy to use & safe
- 😊 Cost-effective
- 😊 Convenient and portable High efficiency
- 😊 Lightweight, compact and easily portable

Product Code:

Product	Size	Code
Electric Breast Pump		16M02

Hysteroscope – 16N01

Hysteroscope used in Hysteroscopy procedure to examine the cervix and inside of the uterus. Size of Hysteroscope is 4mm 30 degree.

Advanced Features:

-  High Definition Hysteroscope
-  With fiber-light-guide, direct vision, Autoclavable
-  Anti-reflective optical system
-  Uniform Brightness

Product Code:

Product	Size	Code
Hysteroscope	4 mm x 30 degree	16N01AA
Hysteroscope	4 mm x 0 degree	16N01AB
Hysteroscope	2.9 mm x 30 degree	16N01AC
Hysteroscope	2.9 mm x 0 degree	16N01AD

Advin Health Care

Hysteroscopy Operative Sheath – 16N02

Hysteroscopy Operative Sheath allows instruments like scissors, graspers or biopsy instruments used to correct the condition are inserted through the hysteroscope.

Advanced Features:

- 🩺 Corrosion resistance
- 🩺 Fine finish
- 🩺 Longer life
- 🩺 Easy to use
- 🩺 High performance

Available in:

- 🩺 Hysteroscopy Operative Sheath with one working channel
- 🩺 Hysteroscopy Operative Sheath with two working channel
- 🩺 Hysteroscopy Operative Sheath Continuous suction Irrigation

Product Code:

Product	Size	Code
Hysteroscopy Operative Sheath	4 MM	16N0240
Hysteroscopy Operative Sheath	2.9 MM	16N0229

- **IF Rotatable add suffix = 'R'**
- **For Example, = Hysteroscopy Operative Sheath 4 MM rotatable = 16N0240R**

Hysteroscopy Diagnostic Sheath – 16N03

Hysteroscopy Diagnostic Sheath diagnose problems of the uterus with use of Hysteroscope.

Advanced Features:

- 🩺 Provide excellent utility
- 🩺 Advanced configuration
- 🩺 Autoclavable
- 🩺 Highly Compatible

Available in:

- 🩺 Hysteroscopy Diagnostic Sheath with Single Stop Cock Non Rotatable
- 🩺 Hysteroscopy Diagnostic Sheath with Single Stop Cock Rotatable
- 🩺 Hysteroscopy Diagnostic Sheath with Two Stop Cock Rotatable
- 🩺 Hysteroscopy Sheath Daignostic continuous suction Irragation Rotatable

Product Code:

Product	Size	Code
Hysteroscopy Diagnostic Sheath	4 MM	16N0340
Hysteroscopy Diagnostic Sheath	2.9 MM	16N0329

- **IF Rotatable Add Suffix = 'R'**
- **For Example, = Hysteroscopy Diagnostic Sheath Rotatable 4 MM = 16N0340R**

Hysteroscopy Flexible Forceps

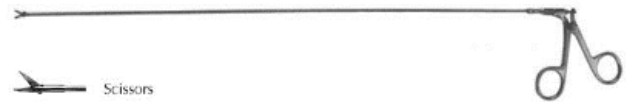

Different types of Hysteroscopy Forcep used in Operative Hysteroscopy procedure.

Advanced Features:

-  Reusable forceps
-  Flexible and semi flexible types available
-  Strong grasping
-  Autoclavable
-  Strong grip

Available in:

-  Flexible Scissor Forceps
-  Flexible Biopsy Forceps
-  Flexible Alligator Forceps

Product Code:

Product	Size	Code
Flexible Scissor Forceps	5 Fr	16N0405
Flexible Biopsy Forceps	5 Fr	14C0405
Flexible Alligator Forceps	5 Fr	14C0505

Uterine Manipulator – 16N05

Uterine Manipulator is commonly used in laparoscopic hysterectomy. It is also used in Total laparoscopic hysterectomy, laparoscopic supracervical hysterectomy.

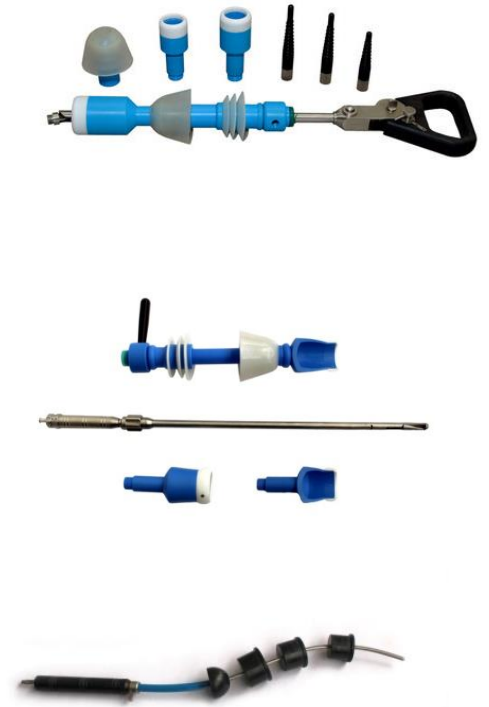

In gynecology, the importance of a uterine manipulator regarding the prevention of ureter injuries during laparoscopic hysterectomy (LH)

We provides Uterine Manipulator in different types like Mangeshkar Uterine Manipulator, Storz Type Uterine Manipulator , Marva Uterine Manipulator, Tintara Uterine Manipulator, V type Uterine Manipulator, Uterine Manipulator with Die Injector, Cohen Uterine Manipulator, HOHL Uterine Manipulator

Advanced Features:

- 👉 Use in both diagnostic and surgical procedures
- 👉 Designed to provide excellent utility
- 👉 Durable and Highly compatible
- 👉 Allows greater flexibility

Product Code:

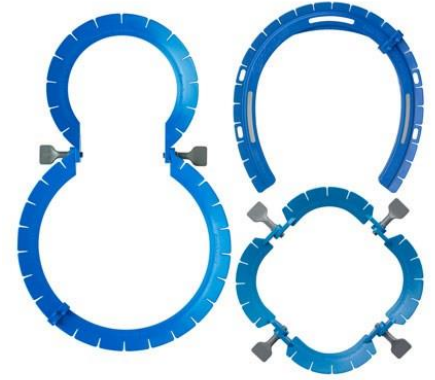

Product	Type	Code
Uterine Manipulator	Mangeshkar	16N0501
Uterine Manipulator	Storz Type	16N0502
Uterine Manipulator	Marwa	16N0503
Uterine Manipulator	Tintara	16N0504
Uterine Manipulator	V- Type	16N0505
Uterine Manipulator	with Die Injector	16N0506
Uterine Manipulator	HOHL	16N0507
Uterine Manipulator	Cohen Type	16N0508

Lonestar Retractor- 16N06

Lonestar Retractor set for wide range of gynecology surgery. The Lone Star Retractor System is comprised of a variety of self-retaining, adjustable retractors which offer superior access and visualization across a wide range of surgical applications. From Gynecologists to Otolaryngologists, surgeons across the world consider Lone Star a “must have” product within their OR.

Advanced Features:

-  Superior Quality
-  Easy to use
-  Cost-effective
-  Reusable
-  High performance

Product Code:

Product	Size	Code
Lone star Retractor	Square Type	16N06AA
Lone Star Retractor	Oval Type	16N06AB

Advin Health Care

Omni Retractor - 16N07

Omni Retractor is Table-mounted surgical retraction offers hands-free access to the operative site. The Omni retractor gives hospitals the flexibility to use the same basic system in a variety of procedures while offering surgeons the latest in technology.

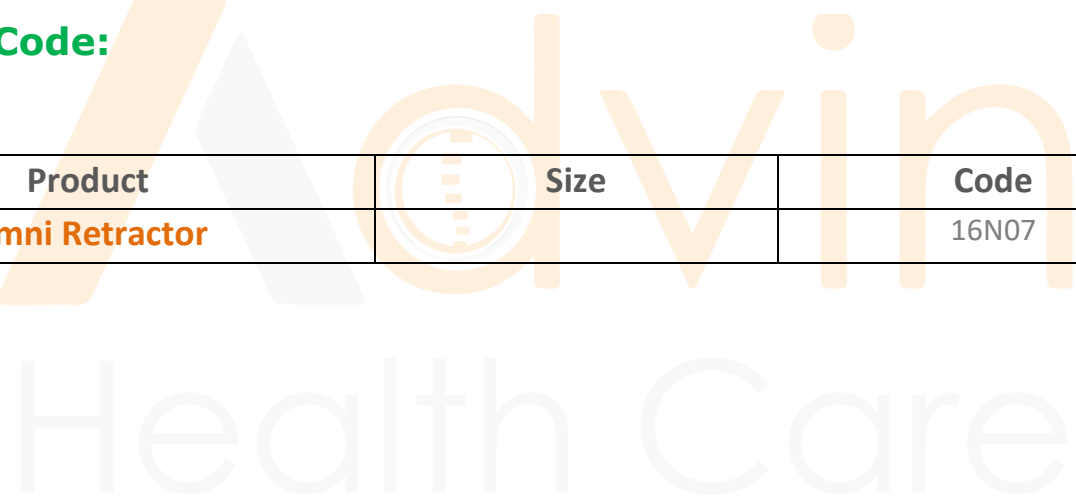

Advanced Features:

-  Easy to use
-  Cost-effective
-  Reusable
-  High performance
-  Superior Quality
