## Diagnostic Product

### 01 Stethoscope

- ✓ Teaching Stethoscope.....4
- ✓ Fetoscope.....5
- ✓ Single Head Stethoscope.....6
- ✓ Dual Head Stethoscope.....7
- ✓ Paediatric Stethoscope.....8

### 02 Sphygmomanometer

- ✓ Mercury Blood Pressure Monitor.....9
- ✓ Mercury Free Blood Pressure Monitor.....10
- ✓ Digital Blood Pressure Monitor.....11
- ✓ Aneroid Table Blood Pressure Monitor.....12
- ✓ CVP Manometer.....13

### 03 Thermometers

- ✓ Digital Thermometer.....14
- ✓ Flexible Digital Thermometer.....15
- ✓ Infrared Thermometer.....16
- ✓ Room Thermometer.....17
- ✓ Mercury Thermometer.....18

### 04 Fetal Doppler

- ✓ Advin Fetal Doppler.....19
- ✓ CTG Monitor.....20

### 05 Weights & Measuring

- ✓ Adult Digital Weighing Scale.....23
- ✓ Adult Analog Weighing Scale.....24
- ✓ Baby Digital Weighing Scale.....25
- ✓ Baby Analog Weighing Scale.....26
- ✓ Stature Meter.....27
- ✓ Height Measuring Rod For Babies.....28
- ✓ Infant meter.....29
- ✓ MUAC Tape.....30

### 06 Doctor Accessories

- ✓ Alcohol Tester.....31
- ✓ Pocket Magnifier.....32
- ✓ Head Band And Mirror Set.....33
- ✓ Doctor LED Headlight.....34
- ✓ Wooden Tongue Depressor.....35
- ✓ Plaster Cutter.....36
- ✓ Doctor Torch.....37
- ✓ Infra Red Lamp.....38
- ✓ Vein Viewer.....39
- ✓ Tourniquet.....40

### 07 Surgical Hammers

- ✓ Queen Square Pattern Hammer.....41
- ✓ Percussion Hammer.....42
- ✓ Neurological Hammer.....43

### 08 X Ray Products

- ✓ Lead Apron.....44
- ✓ Thyroid Collars.....45
- ✓ Gonad Shield.....46
- ✓ Ovary Shield.....47
- ✓ X Ray Protection Screen.....48
- ✓ X Ray View Box.....49
- ✓ X-Ray Protective Glasses.....51
- ✓ Lead Gloves.....52

### 09 Needle Destroyer Machine

- ✓ Electric Needle Destroyer Machine.....53
- ✓ Manual Needle Destroyer Machine.....54

### 10 OPD Consumables

- ✓ Ultrasound Gel.....55
- ✓ Povidone Iodine Solution.....56
- ✓ Disinfectant Solutions.....57
- ✓ Antiseptic Solutions.....58

## 11 Vascular Screening Devices

- ✓ TCOM Monitor Transcutaneous Oxygen Monitor.....59
- ✓ Non Invasive Vascular Screening Devices...61
- ✓ ABI Vascular Doppler.....62
- ✓ Automatic ABI TBI Vascular Doppler.....63
- ✓ Hand Held Vascular Device.....64
- ✓ Vascular Doppler Recorder.....65

## 12 Neuropathy Screening

- ✓ Digital Biothesiometer.....66
- ✓ Digital Biothesiometer with Vascular Doppler.....67
- ✓ Neuropathy Analyser.....68
- ✓ Cardiac Autonomic Neuropathy System Analyser.....69

## 13 Pain And Wound Care Products

- ✓ Neuropathy Muscular Stimulator.....71
- ✓ LED IR Light Therapy.....72
- ✓ Electronic Pain Killer.....73
- ✓ Ultrasonic Wound Debrider.....74

## 14 Podiatry Products

- ✓ Podiatry Chair.....75
- ✓ Podiatry Full Kit.....76
- ✓ Podiatry Mini Kit.....77
- ✓ Electric Pedicure Kit.....78

## 15 Dermatology Equipments

- ✓ Derma Chair Unit.....79
- ✓ Dermabrasion Machine.....80
- ✓ Derma Microscope.....81
- ✓ Battery Cautery.....82
- ✓ Liquid Nitrogen Cryogenic System.....83

- ✓ Micro Motor.....85
- ✓ Iontophoresis Machine.....86
- ✓ Digital Thermal Cautery.....87
- ✓ Mesotherapy Machine.....88
- ✓ Derma Pen.....89
- ✓ Mole Removal Spot Pen.....90
- ✓ Meso Gun.....91
- ✓ Handheld PUVA.....93
- ✓ Portable PUVA Unit.....94
- ✓ Portable PUVA with Timer.....95
- ✓ Spot PUVA.....96
- ✓ Video Dermatoscope.....97
- ✓ Pocket Dermatoscope.....98

## 16 Dermatology Instrument

- ✓ Derma jet.....100
- ✓ Derma Stamp.....101
- ✓ Eye Derma Roller.....102
- ✓ Woods Lamp.....103
- ✓ Ear Piercing Gun.....104
- ✓ Ice Roller.....105
- ✓ Skin Biopsy Punch.....106
- ✓ Doctor Laser Goggles.....108
- ✓ Derma Roller.....109
- ✓ PRP Tube.....110
- ✓ PRP Kit.....111

## 17 Hair Transplant Instrument

- ✓ FUE Hair Punches with Hole - S.S.....112
- ✓ Hair Implant Forceps.....113
- ✓ Hair Extraction Forceps.....114
- ✓ Hair Graft Holding Forceps.....115
- ✓ Hair Transplant Sleet Needle.....116
- ✓ Blade Holder.....117
- ✓ Micro Jeweller Forceps.....118
- ✓ Nokor Needle.....119
- ✓ Hair Transplant Instrument SET.....120

## Teaching Stethoscope – 04A01

Advin Health Care Provides Teaching Stethoscope with international quality standards. Teaching stethoscopes are commonly used for the training of medical professionals; this includes trainee nurses as well as doctors. It can be used for training in a hospital environment, but also in doctor surgeries, schools, or any other environment where medical professionals could receive their training.

### Advanced Features:

- 👂 Corrosion resistance
- 👂 Robust construction
- 👂 Accurate result
- 👂 Long service life and no maintenance cost
- 👂 Dimensional accuracy
- 👂 Light in weight
- 👂 Medium chest piece

### Product Code:

Product	Size	Code
Teaching Stethoscope	-	04A01

## Fetoscope – 04A02

Advin Health Care Provides Fetoscope with international quality standards. It functions similarly to an ear trumpet by amplifying sound. The wide end of the horn is held against the Pregnant woman's belly, while the doctor, nurse, or midwife listens through the other end. The horn may be used to determine the position of fetus.

### Advanced Features:

- 🏠 Corrosion resistance
- 🏠 Made from durable Material with a smooth finish for comfortable use
- 🏠 Accurate result
- 🏠 Long service life and no maintenance cost
- 🏠 Extremely durable aluminum

### Product Code:

Product	Size	Code
Fetoscope	-	04A02

## Single Head Stethoscope – 04A03

Advin Health Care Provides Single Head Stethoscope with International quality standards. A professional stethoscope that monitors heart and respiratory sounds, and also detects fetal sounds.

### Advanced Features:

- 👂 Corrosion resistance
- 👂 Robust construction
- 👂 Accurate result
- 👂 Long service life and no maintenance cost
- 👂 Dimensional accuracy
- 👂 Light in weight

### Product Code:

Product	Size	Code
Single Head Stethoscope	-	04A03

## Dual Head Stethoscope – 04A04

Advin Health Care Provides Dual Head Stethoscope with international quality standards. A dual head stethoscope is designed to allow the user to be able to listen to different sound frequencies. The cup side is designed to listen to low frequency lung sounds, while the opposite flat side is designed to listen to high frequency heart sounds.

### Advanced Features:

- 👂 Bell side detects low frequency sound
- 👂 Snap on diaphragm ring
- 👂 Latex free tube
- 👂 Soft ear tips
- 👂 Aluminum chest piece
- 👂 Non-chill bell and diaphragm ring
- 👂 Diaphragm side detects high frequency sound

### Product Code:

Product	Size	Code
Dual Head Stethoscope	-	04A04

## Pediatric Stethoscope – 04A05

Advin Health Care provides pediatric stethoscope with international quality standard. The pediatric stethoscope is a simply an adapted stethoscope designed to give you the best acoustics when caring for infants and children.

### Advanced Features

-  Best acoustics sound
-  Stainless steel chest piece offers superior clear sound
-  Suitable for pediatric
-  Soft ear tips
-  Aluminum chest piece

### Product Code:

Product	Size	Code
<b>Pediatric Stethoscope</b>	-	04A05

## Mercury Blood Pressure Monitor – 04B01

Advin Health Care Provides Mercury Blood Pressure Monitor with international quality standards. A blood pressure monitor is a device used to measure blood pressure, composed of an inflatable cuff to collapse and then release the artery under the cuff in a controlled manner, and a mercury to measure the pressure.

### Advanced Features:

- 👉 High quality health product that is long lasting
- 👉 Purity of mercury 99.99% due to assured triple distillation process
- 👉 0 to 300 mm of Hg scale with elegant finish, fine numbering and durable background contrast paint for clear visibility
- 👉 Special control valve for perfect pressure drop
- 👉 Best quality cuff for getting excellent grip
- 👉 Surface plating adapted to all exposed metal parts to prevent corrosion
- 👉 Classic Hi-stove painting to the body of the instrument to withstand in any climate
- 👉 Optimum damping effect provided for easy and fast measurement

### Product Code:

Product	Size	Code
<b>Mercury Blood Pressure Monitor</b>	-	04B01

## Mercury Free Blood Pressure Monitor – 04B02

Advin Health Care Provides Mercury Free Blood Pressure Monitor with international quality standards. Mercury Free Blood Pressure Monitor are used exclusively for blood pressure measurements. The plethysmographic devices include an electronic monitor and a cuff.

### Advanced Features:

- 👉 Digital LCD Display
- 👉 Mark the blood pressure value when it is diagnosed by you with the help of stethoscope
- 👉 Automatic Deflation Valve
- 👉 No need to memorise your blood pressure reading
- 👉 LCD bar emulates the mercury column electronically
- 👉 Accuracy similar to Diamond mercurial instruments
- 👉 Memory for Systolic and Diastolic marking
- 👉 Pressure display on LCD column plus digital with background light
- 👉 Pulse rate readout
- 👉 Sturdy, durable, light weight, moulded cabinet
- 👉 Battery saving feature for LCD
- 👉 Superb control valve for perfect pressure drop Special cuff, bladder and bulb, more durable

### Product Code:

Product	Size	Code
<b>Mercury Free Blood Pressure Monitor</b>	-	04B02

## Digital Blood Pressure Monitor - 03T01

Advin health care Provides Blood Pressure Monitor with international quality standards. Blood pressure monitor is used to measure blood pressure.

### Advanced Features:

-  Portable
-  Application- Hospital, Clinic , home, etc
-  LCD display
-  Available with voice prompt
-  Color Display

### Technical Specification:

#### General Specification

<b>Measurement method</b>	Oscillometric method
<b>Blood Pressure Measure Range</b>	20 – 299 mmHg
<b>Pulse rate</b>	40 – 200 Pulse/min.
<b>Pressure Accuracy</b>	±3 mmHg
<b>Pulse rate Accuracy</b>	±5% of reading
<b>Auto Power off</b>	60 sec. no any operation
<b>Battery life</b>	Around 250 operation
<b>Temperature</b>	10 – 40 ° C
<b>Relative Humidity</b>	15% RH – 90% RH
<b>Storage Temp</b>	-20 to 60° C
<b>Storage Humidity</b>	10% RH – 95%RH
<b>Arm Circumference Measurement Range</b>	Apporx. 22 to 32 cm
<b>Power</b>	DC 6 V “AA” type battery x 4(LR6)
<b>Dimension</b>	125 x 147 x 61 mm
<b>Weight</b>	450 grams

### Product Code:

Product	Size	Code
<b>Digital Blood Pressure Monitor</b>	-	03T01

## Aneroid Table Blood Pressure Monitor - 04B04

Advin health care Provides Aneroid Table Blood Pressure Monitor with international quality standards. The aneroid monitor manually checks your blood pressure. It has a gauge that you read by looking at a pointer on the dial. The cuff goes around your upper arm and you squeeze a rubber bulb to inflate it by hand.

### Advanced Features:

- 🩺 Casing is of a high profile Al-Zn alloy produced by Pressure Die Casting
- 🩺 Bellows are of proven material for long lasting and better repeatability
- 🩺 Sector mechanism is specially designed for maximum repeat accuracy
- 🩺 Printed Dial has 20 to 300 mm of Hg scale with 2 mm of Hg resolution Crystal clear cover glass for best visibility
- 🩺 All plastic and rubber parts are of first grade material
- 🩺 Metal parts are treated with Nickel and Chromium plating to prevent corrosion
- 🩺 Best quality painting is adapted to whole body of the instrument
- 🩺 Special cuff is provided for getting excellent grip
- 🩺 Soft carrying case for ease in handling

### Product Code:

Product	Size	Code
<b>Aneroid Table Blood Pressure Monitor</b>	-	04B04

## CVP Manometer - 04B05

Advin health care Provides CVP Monitor with international quality standards. The central venous pressure (CVP) is the pressure measured in the central veins close to the heart. It indicates mean right atrial pressure and is frequently used as an estimate of right ventricular preload. The CVP does not measure blood volume directly, although it is often used to estimate this.

### Advanced Features:

- 👉 Manometer tube with graduation marked from 4 cm to 34 cm and attached to three way stop cock
- 👉 120 cm long extension tube is fitted with female luer lock on one end and male luer lock on the other end for safe connection to Central Venous Pressure Catheter
- 👉 Sliding indicator is provided to record reading
- 👉 Moulded clamps with latex rubber strings are provided for fixation to IV stand
- 👉 Y Injection site/Latex rubber flash bulb is provided for extra medication

### Product Code:

Product	Size	Code
<b>CVP Manometer</b>	-	04B05

## Digital Thermometer - 11D02

Advin health care Provides Digital Thermometer with international quality standards. Thermometers are used to see if you have a fever. It is also used measure the outdoor temperature and to measure body temperature during a physical exam at the doctors. Thermometers measure temperatures in degrees, according to either the Celsius or Fahrenheit system.

### Advanced Features:

- 👉 Result in 60 seconds
- 👉 Last reading memory display
- 👉 Buzzer – beep alarm when temperature reached
- 👉 Measure actual temperature in Fern hint
- 👉 Manually switch off
- 👉 Battery can easily be replaced

### Product Code:

Product	Size	Code
Digital Thermometer	-	11D02

## Flexible Digital Thermometer – 04C02

Advin health care Provides Flexible Digital Thermometer with international quality standards. The Flexible Digital Thermometer is designed to provide an accurate temperature for personal or professional purposes.

### Advanced Features:

- 👉 100 % Safe
- 👉 Flexible tip provided for easy use
- 👉 Fast result in 10 seconds
- 👉 Large LCD display with last reading memory
- 👉 Buzzer-beeps when temperature reached
- 👉 Measures actual temperature in °F & °C

### Product Code:

Product	Size	Code
Flexible Digital Thermometer	-	04C02

Advin Health Care

## Infrared / Forehead Thermometer – 04C03

Advin health care offers Infrared Thermometer with international quality standards. An infrared thermometer is a thermometer which infers temperature from a portion of the thermal radiation sometimes called black-body radiation emitted by the object being measured.

### Advanced Features:

- 👤 Thermometer for whole family
- 👤 No direct body contact required
- 👤 User friendly & efficient
- 👤 Non- contagious
- 👤 32 measures in memory
- 👤 Display in °F & °C
- 👤 Back light LCD display
- 👤 Alarm, if temperature exceeds
- 👤 Auto off in 30 sec

### Product Code:

Product	Size	Code
Infrared/ Forehead Thermometer	-	04C03

## Room Thermometer – 04C04

Advin health care Provides Room Thermometer with international quality standards. An instrument for measuring temperature, especially one having a graduated glass tube with a bulb containing a liquid, typically mercury or colored alcohol, that expands and rises in the tube as the temperature increases.

### Advanced Features:

- 🏠 Room temperature thermometer for measuring room, office, home temperature
- 🏠 Wall Mounting
- 🏠 Manual Room Thermometer
- 🏠 Classic Room Thermometer
- 🏠 Perfect for indoor and outdoor use
- 🏠 Easy to read scale
- 🏠 Displays °F & °C
- 🏠 Range: - 20 °C to + 50 °C

### Product Code:

Product	Size	Code
Room Thermometer	-	04C04

## Mercury Thermometer – 04C05

Advin health care offers Mercury Thermometer with international quality standards. In a mercury thermometer, a glass tube is filled with mercury and a standard temperature scale is marked on the tube. With changes in temperature, the mercury expands and contracts, and the temperature can be read from the scale. Mercury thermometers can be used to determine body, liquid, and vapor temperature.

### Advanced Features:

- 🕒 Highly Sensitive to high temperatures
- 🕒 narrow construction and is filled with mercury whose level rises or fall in different heat zones
- 🕒 Oval Shape with paper scale
- 🕒 Easy to read Scale

### Product Code:

Product	Size	Code
Mercury Thermometer	-	04C05

## Advin Fetal Doppler – 04D01

Advin Fetal Doppler with international quality standards. A fetal Doppler is a test that uses sound waves to check your baby's heartbeat. It's a type of ultrasound that uses a handheld device to detect changes in movement that are translated as sound.

### Advanced Features:

- 👂 Color OLED display
- 👂 High-fidelity, crystal clear sound
- 👂 Ni – cd rechargeable battery, with AC adapter
- 👂 High sensitivity doppler probe
- 👂 Low ultrasound dosage with 2 MHz probe
- 👂 Unique ergonomic design
- 👂 FHR Range: 50 – 240 bpm
- 👂 Resolution:  $\pm 1$  bpm
- 👂 Probe Frequency: 2MHz

### Product Code:

Product	Size	Code
Advin Fetal Doppler	-	04D01

## CTG monitor – 16A01

Cardiotocography (CTG) is a technical means of recording the fetal heartbeat and the uterine contractions during pregnancy. The machine used to perform the monitoring is called a cardiotocograph, more commonly known as an electronic fetal monitor (EFM).

CTG monitoring is widely used to assess fetal wellbeing. A review found that in the antenatal period (before labour) there is no evidence to suggest that monitoring women with high-risk pregnancies benefits the mother or baby although research around this is old and should be interpreted with caution.

### Advanced Features:

- 👂 Long life, high Resolution, built in Thermal Recorder
- 👂 Display 8" color lcd
- 👂 Image Freeze Function
- 👂 Sound & color remind users of high & low fetal heart rate.
- 👂 Manual Records Fetal Movement
- 👂 FHR 120~160 bpm normal range label
- 👂 In built rechargeable battery with apporx. 2 Hr battery backup
- 👂 Continous 24 Hrs real time monitoring function
- 👂 Built in 2 rechargeable batteries insure that could still working normally for two hrs, after the power supply breaks off
- 👂 9 crystal broadband pulsed wave tranducer
- 👂 Continous 12hrs patient curve and data storage, playback & print
- 👂 Rotatable Screen 60 Degree

### Technical Specification:

### Power Supply

<b>Power Supply</b>	100-240V AC, 50/60Hz
<b>Power Consumption</b>	50Hz / 60Hz

### Ultrasound Probe

<b>Work Frequency</b>	1.0MHz $\pm$ 10%
<b>Nominal Frequency</b>	1.0MHz
<b>Output beam intensity</b>	Lob $\leq$ 20mW/cm <sup>2</sup>
<b>Negative Peak Sound pressure</b>	P $\leq$ 1Mpa
<b>The peak time space peak intensity</b>	Ispta $\leq$ 100mW/cm <sup>2</sup>
<b>FHR Range</b>	50 bpm ~ 240 bpm
<b>Resolution</b>	1bpm
<b>Accuracy</b>	$\pm$ 2bpm

### TOCO

<b>Toco Range</b>	0 ~ 100%
<b>Resolution</b>	1%
<b>Non Linear Error</b>	$< \pm$ 10%
<b>RZ Way</b>	Manually
<b>Fatal Marking</b>	For the manual button (the operation of pregnant woman) there will be mark display in the bottom area of FHR wave display section.
<b>FHR Reminder</b>	Reminder for high and low FHR which exceeds appointed limit.

### Printer

<b>Record paper</b>	Two –double type Z
<b>Print Width</b>	110mm
<b>Valid print width</b>	104 mm
<b>Paper out speed</b>	1 cm/ min; 2 cm/min; & 3 cm/min[optional]
<b>Data Precision</b>	$\pm$ 5 % [X Roll] $\pm$ 1 % [Y Roll]
<b>Record Content</b>	Hospital, Bed number, Name, Pregnancy Week, Patient Number, Paper Speed, Date, Time, FHR data & Wave, Contraction data & wave, fatal move times & mark ETC.
<b>Net interface</b>	RJ 45
<b>Battery Type</b>	2 rechargeable batteries, 3700 mAh/ 3.7

<b>Transducer</b>	<p>[1] ultrasonic transducer System: Pulsed Doppler Dimension: 90 mm x 65 mm</p> <p>[2] TOCO Transducers System: Passive strain gauge Dimension: 102 mm x 50 mm</p> <p>[3] Remote Marker Length: 96 mm</p>
-------------------	--

### Environment

<b>Temperature</b>	-10°C ~ 55° C
<b>Relative Humidity</b>	≤ 93%
<b>Atmospheric Pressure</b>	700hPa ~ 1060hPa

### Environment[working environment ]

<b>Temperature</b>	5°C ~ 40° C
<b>Relative Humidity</b>	≤ 93%
<b>Atmospheric Pressure</b>	700hPa ~ 1060hPa

### Physical Characteristics

<b>Size</b>	320 mm [L] x 260 mm [w] x 80 mm [H]
<b>Weight</b>	3 KG
<b>Mode</b>	Continuous Work
<b>Optional</b>	Twins monitoring Built –in communication port can be connected with central monitoring system

## Adult Digital Weighing Scale – 04E01

Advin Adult Digital Weighing Scale with international quality standards. These weight machines are commonly used for measuring weight. These Adult Digital Weight Machines are very widely used and are of very big importance in several kinds of industrial applications.

### Advanced Features:

- 👉 4 sensor technology
- 👉 Automatic On/Off function
- 👉 Ultra slim design
- 👉 Precise body weight management
- 👉 Tempered glass for safety
- 👉 Precision display to the closest 100 gm
- 👉 Weight display: 5 kg – 180 kg
- 👉 Minimum displaying unit – 0.100 kg
- 👉 Power-one 3V Lithium battery
- 👉 Battery Life- 1 year
- 👉 Weight about 1.5 kg

### Product Code:

Product	Size	Code
<b>Adult Digital Weighing Scale</b>	-	04E01

## Adult Analog Weighing Scale – 04E02

Advin Adult Analog Weighing Scale with international quality standards. It's used for measure body weight.

### Advanced Features:

- 👉 Easy to use
- 👉 Precisely engineered
- 👉 Hassle-Free operation
- 👉 Made of ABS plastic Material
- 👉 Square type weighing scale
- 👉 Weight capacity: 150 kg
- 👉 Analog Display

### Product Code:

Product	Size	Code
Adult Analog Weighing Scale	-	04E02

Advin Health Care

## Baby Digital Weighing Scale – 04E03

Baby Digital Weighing Scale with international quality standards. baby weighing machine digital weight scale weighing for babies . Monitoring your child Health This digital baby scale is the perfect health product for parents concerned about their baby's development.

### Advanced Features:

- 👉 Multi-function digital scale with an accuracy of  $\pm$  0.2%
- 👉 Suitable for baby and child
- 👉 Quick riding
- 👉 Accurate & Reliable
- 👉 Capacity: 20 Kg
- 👉 Sturdy & durable construction

### Product Code:

Product	Size	Code
Baby Digital Weighing Scale	-	04E03

Advin Health Care

## Baby Analog Weighing Scale – 04E04

Advin health care Provides Baby Analog Weighing Scale with international quality standards. baby weighing machine Analog weight scale weighing for babies . Monitoring your child Health This Analog baby scale is the perfect health product for parents concerned about their baby's development.

### Advanced Features:

- 🏠 Large, smooth surface with a tray platform to comfortably cradle your baby
- 🏠 Accurate & Reliable Wide View dial with moving pointer
- 🏠 ABS Plastic Body with Plastic Pan
- 🏠 Heavy gauge, Big tray with smooth edges, measuring tape on tray
- 🏠 Easily removable pan with sliding mechanism
- 🏠 Capacity 10 Kg
- 🏠 Sturdy & durable construction

### Product Code:

Product	Size	Code
Baby Analog Weighing Scale	-	04E04

## Stature Meter– 04E05

Advin health care Provides Stature Meter with international quality standards. Stature meter is use to measure the height of a person or a baby. It is ideal for measuring height at sitting and/or standing position-both.

### Advanced Features:

- 👤 Easily measure adults and children at home, office, clinic, etc.
- 👤 There's a double-faced adhesive tape on the back and comes with 2 screws for firm mounting
- 👤 stature meter can measure up to 78 inches or 200 cm
- 👤 You can read the height easily and directly
- 👤 Up to 2m length tape, suitable for most people measuring
- 👤 Make the height measuring spend less labor and time

### Product Code:

Product	Size	Code
Stature Meter	-	04E05

## Height Measuring Rod For Babies – 04E06

Advin health care Provides Height Measuring Rod For Babies with international quality standards. As babies are unable to stand up on his own, the height measuring rod need to perform with baby lying down on his or her back. Track your child's growth at home.

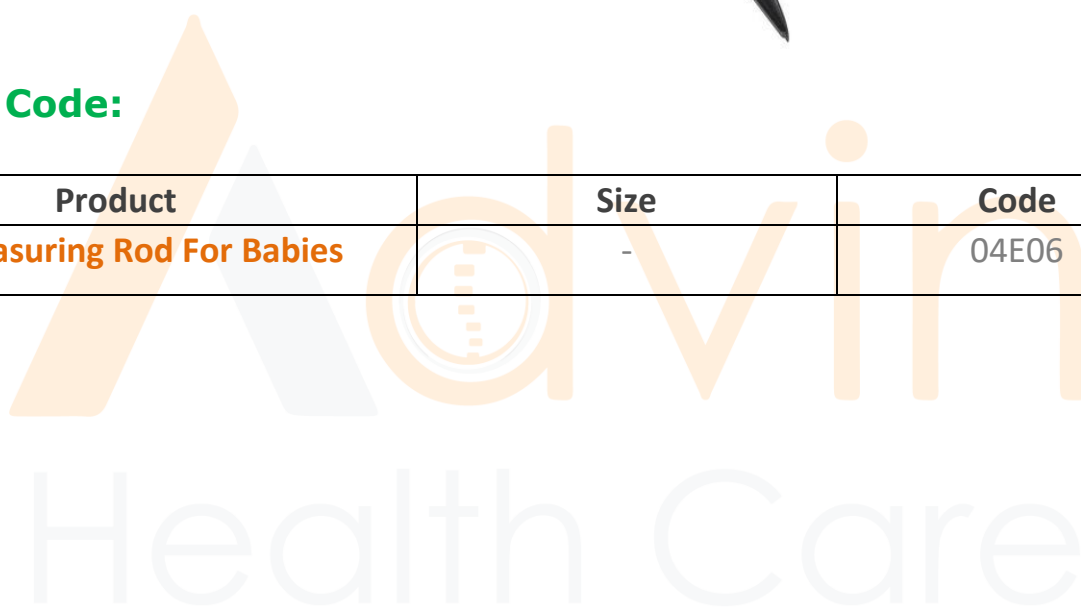

### Advanced Features:

- 👉 Easy to assemble
- 👉 Simple to Use
- 👉 Easy to carry
- 👉 Lightweight
- 👉 Detachable parts

### Product Code:

Product	Size	Code
Height Measuring Rod For Babies	-	04E06

## Infantometer – 04E07

Advin health care Provides Infantometer with international quality standards. infantometer An instrument for measuring the size of children.

### Advanced Features:

- 👉 Sleek Broad Broad Acrylic Base With One Sliding Side Adjustable As Per Length Of Baby
- 👉 Dual Scale For Direct Reading In cms / Inches Up to 90 cm
- 👉 Simple to Use
- 👉 Easy to carry
- 👉 Folding Sides For Easy Storage

### Product Code:

Product	Size	Code
Infantometer	-	04E07

Advin Health Care

## MUAC Tape – 04E08

Advin health care Provides MUAC Tape with international quality standards. A range of mid-upper arm circumference (MUAC) measuring tapes are available through UNICEF. MUAC tapes are predominately used to measure the upper arm circumference of children but also that of pregnant women, helping identify malnutrition.

### Advanced Features:

- 👉 Flexible Washable, Non tearable & Non- stretchable PVC
- 👉 Printed scale and colour can withstand all commercially available cleaning products
- 👉 Measurement range: Upto 26.5cm
- 👉 Color coded: Red (sever) 0-11.5cm
- 👉 Yellow (moderate) 11.5-12.5cm
- 👉 Green (normal) 13.5-26.5cm

### Product Code:

Product	Size	Code
MUAC Tape	-	04E08

## Alcohol Tester – 04F01

Advin health care Provides Alcohol Tester with international quality standards. This breath alcohol tester is a kind of tester designed to measure the concentration of alcohol in the human body.

It is a fully functional breath alcohol tester with an internal alcohol sensor, folding breath tube, and even optional mouthpieces. It uses advanced flat surfaced alcohol sensor which has excellent sensitivity and reproducibility.

### Advanced Features:

- 👉 Digital LCD Display with Light Blue Backup
- 👉 Easy to Use
- 👉 Light Weight
- 👉 Low power consumption
- 👉 Auto power-off
- 👉 Long span life
- 👉 Blood Alcohol Content, by blowing through the mouthpiece for 5 seconds

### Product Code:

Product	Size	Code
Alcohol Tester	-	04F01

## Pocket Magnifire – 04F02

Advin health care Provides Pocket Magnifire with international quality standards. A general purpose magnifier commonly used as an inspection tool and a reading aid. The lens swivels out of a protective case which can be used as a handle.

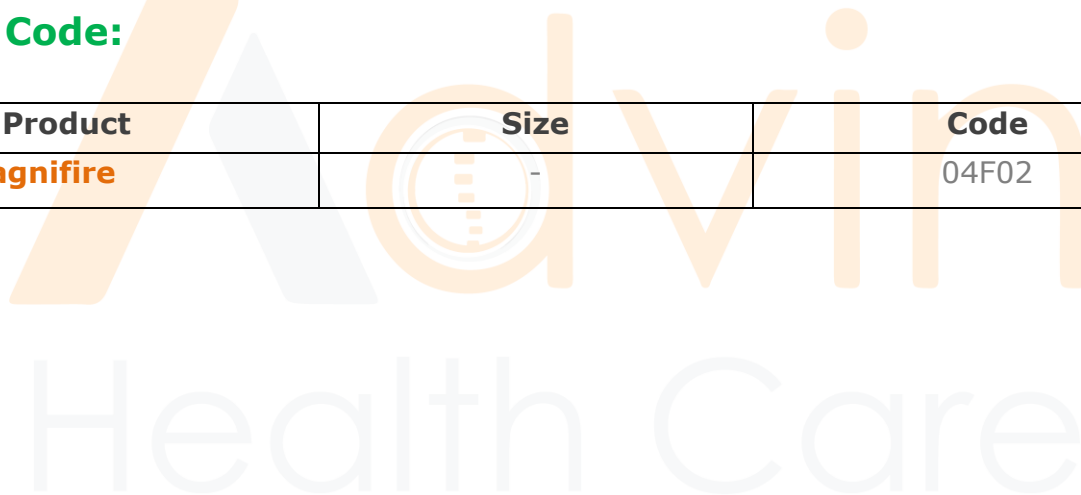

### Advanced Features:

- 👁️ Clear vision
- 👁️ Easy Battery replacement
- 👁️ Range of magnification settings
- 👁️ Two AA batteries
- 👁️ 9X magnification
- 👁️ Portable, easy to clean

### Product Code:

Product	Size	Code
<b>Pocket Magnifire</b>	-	04F02

## Head Band And Mirror Set– 04F03

Advin health care Provides Head Band And Mirror Set with international quality standards. A head mirror is a simple diagnostic device, stereotypically worn by physicians. A head mirror is mostly used for examination of the ear, nose & throat.

### Advanced Features:

- 👉 Superior quality black band
- 👉 Silver colour coated mirror
- 👉 Complete with mirror cover
- 👉 High Quality German Stainless Steel

### Product Code:

Product	Size	Code
Head Band And Mirror Set	-	04F03

## Doctor LED Head Light Source - 2G04

Advin Health care provides Doctor LED Headlight with international Quality Standards. The head-light is designed for examination and all types of surgical operations including microsurgery.

### Advanced Features:

- 👁️ Variable intensity LED light
- 👁️ No heat in the light system
- 👁️ Rechargeable Li-Ion battery pack
- 👁️ Range of magnification and focal length loupes
- 👁️ Crisp and clear images from high grade glass, multi-coated loupes

### Technical Specification:

Technical Specification	
Light Source Type	LED
Light Color	White
Diameter	80mm
Fluctuation Distance	125 mm
Battery	7.2 Li-Ion Battery
Input Voltage	110 – 240 VAC 50/60 Hz
Power	10 W
Weight	69 gms

### Product Code:

Product	Size	Code
LED Head Light	-	2G04

## Wooden Tongue Depressor – 04F05

Advin health care Provides Wooden Tongue Depressor with international quality standards. Tongue Depressors are used as medical diagnostic instruments and are an important part of a dentist's office and are made out of wood, they are better for the environment than disposable plastic supplies. It is used for medication and spreading ointment purpose and the best part is that it is odourless and tasteless which increases patients comfort.

### Advanced Features:

- 👨‍⚕️ Ideal for oral examinations and patient care
- 👨‍⚕️ Sturdy, uniform in size and colour
- 👨‍⚕️ Precision cut with smooth polished finish
- 👨‍⚕️ Delivers consistent performance and strength

### Product Code:

Product	Size	Code
Wooden Tongue Depressor	-	04F05

## Plaster Cutter – 04F06

Advin health care Provides Plaster Cutter with international quality standards. Plaster Cutter is ideally suited for use in cutting plaster. This can be particularly useful in cutting through casts that have been set in bone fracture repair.

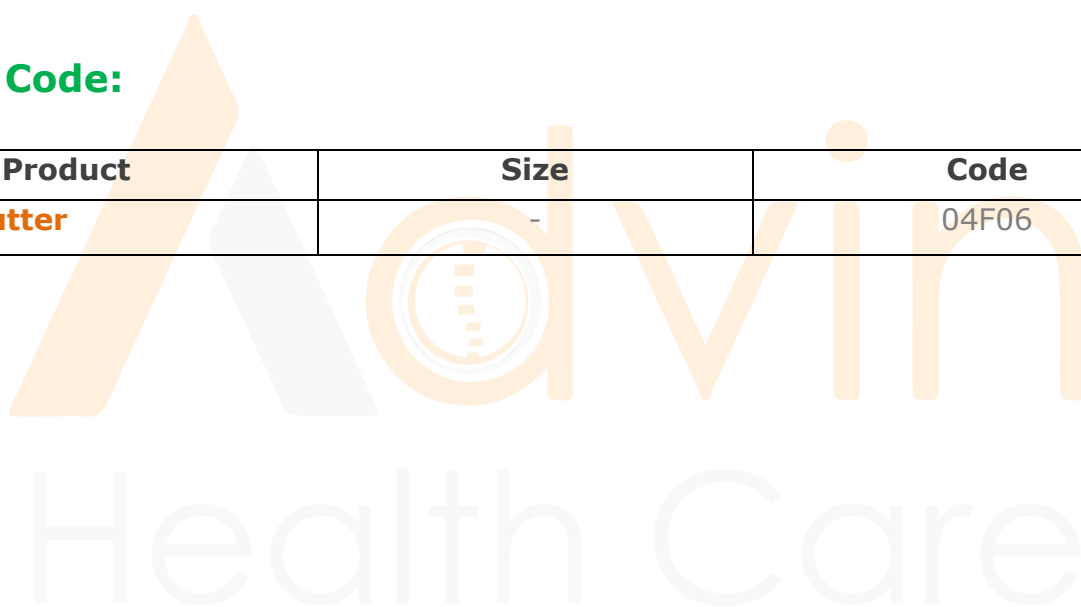

### Advanced Features:

-  High tensile Strength
-  Fine Finish
-  Durable
-  Easy to use

### Product Code:

Product	Size	Code
Plaster Cutter	-	04F06

## Doctor Torch – 04F07

Advin health care Provides Doctor Torch with international quality standards. Doctor torch used for examine the eye for different reasons An ophthalmologist. And also use for show to ear, nose and troght .

### Advanced Features:

- 👁️ This LED Torch Is A High Tech Gadget With Ultra-Bright LED
- 👁️ Unique Design
- 👁️ Compact
- 👁️ Long range
- 👁️ In-Built Battery
- 👁️ Simple on/off function
- 👁️ Long life

### Product Code:

Product	Size	Code
Doctor Torch	-	04F07

## Infrared Lamp – 24A13

Infrared Lamp Used in physiotherapy for drug-free and non-invasive light-based technology that provides a broad range of health benefits. It is an alternative treatment to heal acute to chronic pain and various other health conditions. It is safer than ultraviolet rays, which can damage the skin.

### Advanced Features:

- ☺ Highly user friendly operating system
- ☺ Intensity control by regulating knob for high to low heating
- ☺ Height, Angle & direction Adjustability
- ☺ Castor wheel for easy to move

### Technical Specification:

Technical Specification	
<b>Timer</b> <b>Power Supply</b> <b>Weight</b>	0-30 min 230 V AC – 50 Hz Approx 7 Kg

### Product Code:

Product	Size	Code
Infrared Lamp	-	24A13

## Vein Viewer – 04F09

Advin Health Care Provides Vein Viewer with International quality Standard. Small and portable, the Vein Viewer is a vein finder that allows you to quickly find a patient's vein without undue hassle or trauma to the patient. the vasculature is clearly displayed on the surface of the skin.

### Advanced Features:

- 👉 Rechargeable Battery with Android charger
- 👉 Optimal area of illumination 3 Difference Intensity Modes
- 👉 Works on all age patients
- 👉 Works on dark and light skin tones
- 👉 ABS Diamond Finish Body
- 👉 One super bright Light Emitting Diode
- 👉 Superficial veins can be access easily
- 👉 Rechargeable in built Battery
- 👉 Complimentary Android Charger
- 👉 O-Shaped design

### Product Code:

Product	Size	Code
Vein Viewer	Adult	04F09A
Vein Viewer	Paediatric	04F09P

## Tourniquet – 04F10

Advin Health Care Provides Tourniquet with International quality Standard. A tourniquet is a device that is placed around a bleeding arm or leg. Tourniquets work by squeezing large blood vessels. The squeezing helps stop blood loss.

### Advanced Features:

- 👉 Quick-release
- 👉 Snap-lock buckle design
- 👉 Allowing rapid re-routing of the band around trapped limbs without rethreading
- 👉 Lower-profile, lighter weight alloy components, providing the required strength and durability only metal can offer
- 👉 True 1.5" constricting band for increased constricting pressure and patient comfort

### Product Code:

Product	Size	Code
Tourniquet	-	04F10

## Queen Square Pattern Hammer – 04G01

Advin Health Care Provides Queen Sqaure Pattern Hammer with international quality Standard. The queen square pattern knee hammer for effective elicitation of myotatic, plantar and abdominal responses with greater patient comfort the queen square pattern knee hammer head is surmounted with a chrome-plated brass disc grooved to house the nylon collar.

### Advanced Features:

- 🩺 Flecible nylon handle consists of a slender tapering handle
- 🩺 The tapered point is suited for eliciting plantar and abdominal responses
- 🩺 Plantar and abdominal responses with greater patient comfort

### Product Code:

Product	Size	Code
Queen Square Pattern Hammer	-	04G01

## Percussion Hammer – 04G02

Advin Health Care Provides Percussion Hammer with international quality Standard. It is Used for reflex testing, the triangular-shaped rubber head is connected to a long, solid chrome steel handle designed for sure grip.

### Advanced Features:

- 🩺 Measures 8" (20cm) long
- 🩺 Triangular rubber head
- 🩺 Chrome Steel handle
- 🩺 Durable and light weight
- 🩺 Percussion hammer taylor model

### Product Code:

Product	Size	Code
Percussion Hammer	-	04G02

Advin  
Health Care

## Neurological Hammer – 04G03

Advin Health Care Provides Neurological Hammer with international quality Standard. The Neurological hammer is an important diagnostic tool used by physicians to test deep tendon reflexes, an essential part of the neurological physical examination in order to assess the peripheral and central nervous system.

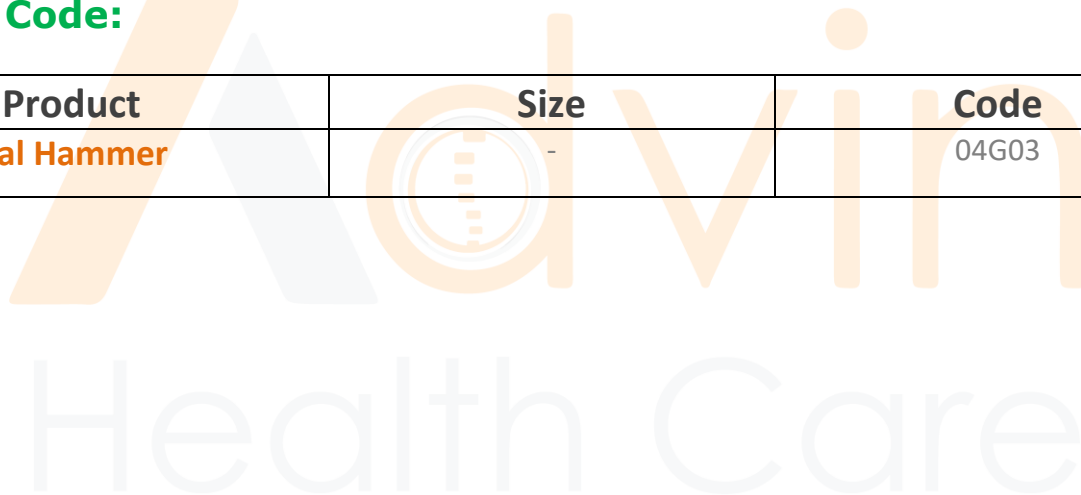

### Advanced Features:

- 🩺 Chromed brass Made Handle
- 🩺 Dual mallet reflex hammer
- 🩺 Tapered handle tip enables plantar reflex testing
- 🩺 Durable and light weight

### Product Code:

Product	Size	Code
Neurological Hammer	-	04G03

## Lead Apron – 04H01

Advin Health Care Provides Lead Apron with international quality Standard. A lead apron or leaded apron is a type of protective clothing that acts as a radiation shield.

### Advanced Features:

- 👉 Lightweight Lead is lighter than the Regular Lead Aprons
- 👉 Velcro tabs make it easy to put on and take off
- 👉 Padding provides added comfort to the shoulders
- 👉 Neckline Height
- 👉 Arm Holes Snug fit but not restrictive to movement of the arm

### Product Code:

Product	Size	Code
Lead Apron	-	04H01

## Thyroid Collars – 04H02

Advin Health Care offers Thyroid Collars with international quality standard. It is well known that the thyroid collar is an effective shielding device for the protection of the thyroid gland from exposures to intraoral radiographs.

### Advanced Features:

- 👂 Light weight lead
- 👂 0.5 mm Pb-equivalent protection
- 👂 Soft, low-profile thyroid protection for maximum neck mobility
- 👂 Includes strap attachment for compatible Wolf Aprons so collar is not misplaced

### Product Code:

Product	Size	Code
Thyroid Collars	-	04H02

Advin Health Care

## Gonad Shield – 04H03

Advin Health Care offers Gonad shield with international quality standard. A protective shield is placed on the outside of the body to cover the area of the gonads (the testicles or ovaries) and other parts of the reproductive system during radiation therapy.

### Advanced Features:

- 👉 High Quality
- 👉 Ideal to protect the male reproductive organ
- 👉 Available in one-size-fits-all and child sizes
- 👉 Designed for ease of wear and removal
- 👉 Adjustable belt for good fit

### Product Code:

Product	Size	Code
Gonad Shield	-	04H03

## Ovary Shield – 04H04

Advin Health Care Provides Ovary Shield with International quality Standard. Provides protection to the Ovaries during procedures where the patient needs ovary protection.

### Advanced Features:

- 👉 Light-Weight Lead
- 👉 Ideal to protect reproductive organ
- 👉 Radiation protection for Ovary
- 👉 Designed for ease of wear and removal
- 👉 Available in one-size-fits-all and child sizes

### Product Code:

Product	Size	Code
Ovary Shield	-	04H04

## X-Ray Protection Screen – 04H05

Advin Health Care Provides X-Ray Protection Screen with international quality Standard. High-quality range of Hospital Furniture and Equipment. X-Ray Lead Protection Screen Single Section.

### Advanced Features:

- 🏠 Precise dimensions
- 🏠 Radiation resistance
- 🏠 Compact design
- 🏠 Robustness
- 🏠 Light-weight

### Product Code:

Product	Size	Code
<b>X-Ray Protection Screen</b>	3 x 6 ft	04H05

## X-Ray View Box – 04H07

Advin Health Care Provides X-Ray View Box with international quality Standard. X-ray wall-mounted viewer or illuminator. It is used to visualize developed X-ray films in an X-ray department or operating theatre.

### Advanced Features:

- 👉 X-ray viewer with a thickness of less than 3 inches
- 👉 Slim, Durable & Energy efficient
- 👉 Digital Dimmer to get the perfect brightness
- 👉 Sensor inside film hanging clip to hands free switching
- 👉 High brightness of up to 3000 Lux, exclusive for viewing detail image freely
- 👉 Excellent uniformity of luminance
- 👉 No UV Emission
- 👉 Free from flickering, hence reduced eye-fatigue
- 👉 Film hanging clips are made from the best quality of unbreakable plastic

### Technical Specification:

Type	Single	Double
<b>View Area Size</b>	14 x 17"	28 x 17"
<b>External Dimension</b>	423 x 515 x 70 (mm)	773 x 515 x 70 (mm)
<b>Brightness</b>	> 5000 LUX	> 5000 LUX
<b>Frequency</b>	50-60 Hz	50 – 60 Hz
<b>Power</b>	10W	20W
<b>Voltage</b>	AC 100-240 V	AC 100-240V

**Product Code:**

Product	Size	Code
X-Ray View Box	Single	04H07S
X -Ray View Box	Double	04H07D

## X-Ray Protective Glasses – 04H09

Advin Health Care Provides X-Ray Protective Glasses with international quality Standard. Protection of the eye lens against scattered X-rays. The visors provide a high reduction in radiation exposure to the eyes and most of the facial area.

### Advanced Features:

- 🕒 Great frame stability through high- grade synthetic materials
- 🕒 Optimized balance of sturdy, light-weight frame and lenses
- 🕒 Minimized risk of injury due to shape and used components
- 🕒 Low risk for x -ray
- 🕒 Easy cleaning and superior resistance against chemical influences

### Product Code:

Product	Size	Code
X-ray Protective Glasses	-	04H09

## Lead Gloves – 04H10

Advin Health Care Provides Lead Gloves with international quality standard. Lead gloves are often used to offset the risk of scatter beam radiation exposure during fluoroscopy, cardiac Cath lab and electrophysiology lab procedures.

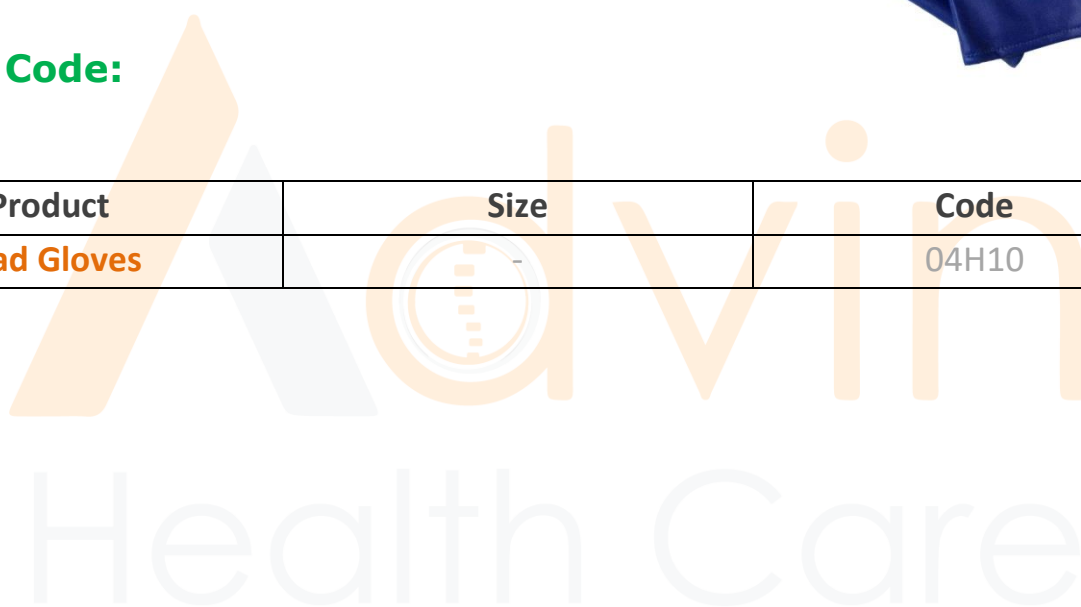

### Advanced Features:

- 👉 High Quality
- 👉 Durable & Reliable
- 👉 Smooth and Comfort
- 👉 Lead equivalency 0.50 mm

### Product Code:

Product	Size	Code
Lead Gloves	-	04H10

## Electric Needle Destroyer Machine – 04I01

Advin Health Care offers Electric Needle Destroyer Machine with international quality standard. Needle Syringe Destroyer with copper binding & have 3 in 1 operation in single body. burning of needle, cutting of syringes and manual cutting of needle are also provided in case of electricity failure. Our machine has strong metal body with powder coating for longer life.

### Advanced Features:

- 👉 Easy operation for destroying needle & syringe.
- 👉 Needle burns electrically Cuts the syringe within seconds.
- 👉 Low power consumption Can destroyer disposable syringe & needle 18G to 28G
- 👉 Collection receptacle to collect the waste
- 👉 Shock proof-Main circuit breaker is provided
- 👉 Durable shock proof ABS Body
- 👉 2 Amp. 3/4 glass cartridge type fuse for protection
- 👉 Power 220-250 voltage AC supply 50-60 mhz
- 👉 Portable, compact, handy

### Product Code:

Product	Size	Code
<b>Electric Needle Destroyer Machine</b>	-	04I01

## Manual Needle Destroyer Machine – 04102

Advin Health Care Offers Manual Needle Destroyer Machine with international quality standard. Manual needle destroyer is also used in hospitals, nursing homes, clinics and pathology labs etc. This model is widely used in areas where power is less. It is made from Stainless steel blades which makes it rust and corrosion free even in humid climate.

### Advanced Features:

- 🩺 Manual Needle Destroyer made of polycarbonate
- 🩺 Stops Reuse of Needles and Syringes
- 🩺 Saves Healthcare Professional from Needle Stick Injuries
- 🩺 No Electricity Required
- 🩺 No Burning, No Fumes
- 🩺 No Noise, No Smell

### Product Code:

Product	Size	Code
<b>Manual Needle Destroyer Machine</b>	-	04102

## Ultrasound Gel – 04J01

Advin Health Care manufacturing Ultrasound Gel with international quality standard. Ultrasound sound waves have a difficult time traveling through the air, ultrasound gel is used to reduce the air between your patient and the transducer to reduce acoustic impedance and reflection to allow for a clear image to be produced.

### Advanced Features:

- 👉 Water soluble scan ultrasound gel
- 👉 Non irritation gel ultrasound
- 👉 Non Sensitization
- 👉 Ultrasound gel warmer provides clear and consistence ultrasound transmission
- 👉 Store in a cool and dry place

### Product Code:

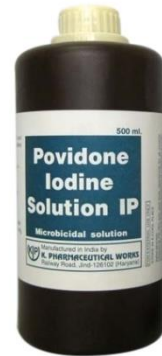

Product	Size	Code
Ultrasound Gel	250 ml	04J01A
Ultrasound Gel	5000 ml	04J01B

## Povidone Iodine Solution – 04J02

Advin Health Care offers Povidone Iodine Solution with international quality standard. It is Used for disinfect skin prior to surgery. The 10% solution is used most often to disinfect skin.

### Advanced Features:

- 🩺 Prevents and treats minor wounds
- 🩺 Treats skin infections
- 🩺 Kills sensitive organisms like bacteria, fungus, protozoa, and spores
- 🩺 Povidone Iodine Solution I.P 10% / 5% 100 ml

### Product Code:

Product	Size	Code
Povidone Iodine Solution	100 ml	04J02A
Povidone Iodine Solution	500 ml	04J02B
Povidone Iodine Solution	1000 ml	04J02C

## Disinfectant Solution – 04J03

Advin Health Care offers Disinfectant Solution with international quality standard. Disinfectant Solution are substances that simultaneously clean and disinfect. Disinfectants kill more germs than sanitizers. Disinfectants are frequently used in hospitals, clinic, and homes to kill infectious organisms.

### Advanced Features:

- 🧹 Used for cleaning
- 🧹 Best surface cleaner
- 🧹 Disinfectant
- 🧹 Kill the bacteria & Germs,

### Product Code:

Product	Size	Code
Disinfectant Solution	1000 ml	04J03A
Disinfectant Solution	5000 ml	04J03B

## Antiseptic Solution – 04J04

Advin Health Care offers Antiseptic Solution with international quality standard. An antiseptic is a substance that stops or slows down the growth of microorganisms. They're frequently used in hospitals and other medical settings to reduce the risk of infection during surgery and other procedures.

### Advanced Features:

- 🩺 Best Antiseptic For stop to growth of microorganisms
- 🩺 Strong germ killer
- 🩺 Use for during and after surgery
- 🩺 Kill the germs and bacteria

### Product Code:

Product	Size	Code
Antiseptic Solution	100 ml	04J04A
Antiseptic Solution	200 ml	04J04B
Antiseptic Solution	500 ml	04J04C
Antiseptic Solution	1000 ml	04J04D
Antiseptic Solution	5000 ml	04J04E

# TCOM Monitor – 04K01

Advin Health Care Provides Transcutaneous Oxygen (TCOM) Monitor with international quality Standard. The transcutaneous oxygen measurement Monitor intended for the measurement partial pressure of oxygen, also known as tcpO<sub>2</sub>, on the surface of the skin.

## Advanced Features:

- 👉 Portable model
- 👉 Simple and fast measurement
- 👉 No covering of the sensor with membrane
- 👉 Not necessary pre-heating
- 👉 Less maintenance
- 👉 Not cleaning of anodes/cathodes
- 👉 Measurement pH value and salt content of the skin
- 👉 No separate calibration of sensor during every use
- 👉 No fiddly handling of electrolyte fluid

## Technical Specification

### General specification

<b>Power Supply</b>	100 to 240 V AC 50 – 60 Hz
<b>Current</b>	400 mA
<b>Operating Temp.</b>	+ 15° C to + 35° C

### Display

<b>Display</b>	LCD Display
<b>Measurement result</b>	8 min.

### Sensor

<b>Measuring Type</b>	Photo – Optical
<b>Parameter</b>	tcpO <sub>2</sub>
<b>Measurement Range</b>	0 to 165 mmHg
<b>Operation Status</b>	Directly after start -up
<b>Cable length</b>	250 cm
<b>Dimension</b>	24.5 x 25.5 x 24 cm
<b>Weight</b>	1.5 kg

**Product Code:**

TCOM Monitor	-	04K01

S

## Non Invasive Vascular Screening Devices – 04K02

Advin Health Care Provides Non Invasive Vascular Screening Devices with International quality Standard. It is a standard index used for detecting PAD (Peripheral Artery Disease) and a predictive marker for cardiovascular disease.

### Advanced Features:

- 👉 Fast test response
- 👉 Easily handle by doctors and nurse
- 👉 Fully Automatic system
- 👉 Accurate and reliable
- 👉 Simultaneous measurement of arterial pressures
- 👉 All 4 limbs facilitating a highly accurate ankle Brachial index calculation
- 👉 Touch screen Display
- 👉 Max. 200 patient data record in the system
- 👉 Clinical reports, Patient reports, Trend Reports and Recovery Reports
- 👉 Optional Toe Brachial Index (TBI)

### Product Code:

Product	Size	Code
<b>Non-Invasive Vascular Screening Device</b>	-	04K02

## ABI Vascular Doppler – 04K03

Advin Health Care Provides ABI Vascular Doppler with International quality Standard. The Ankle Brachial Index (ABI) is a measure of the severity of atherosclerosis in the legs but is also an independent indicator of the risk of subsequent atherothrombotic events elsewhere in the vascular system.

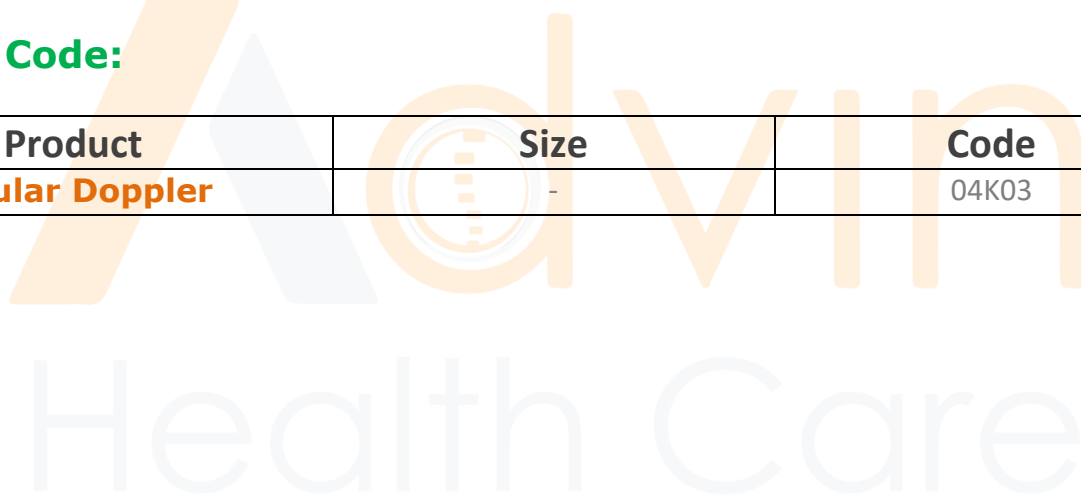

### Advanced Features:

- 👂 8 MHZ Transducer Doppler Probe Penile flow Study
- 👂 ABI Measure as per TASC II guidelines
- 👂 Complete arterial vascular profile Measure
- 👂 Connection Via USB
- 👂 Software install Windows XP / Window 7 / 8 /10
- 👂 Normal ABI range 0.9 to 1.4

### Product Code:

Product	Size	Code
<b>ABI Vascular Doppler</b>	-	04K03

## Automatic ABI/ TBI Vascular Doppler – 04K04

Advin Health Care Provides Automatic ABI/ TBI Vascular Doppler with International quality Standard. The ABI may be used as a risk marker both in the general population free of clinical CVD and in patients with established CVD. Continuous wave Doppler ultrasound is considered a reliable tool and was validated and accepted into routine medical practice.

### Advanced Features:

- 👂 Automated Ankle Brachial Index (ABI) & TOE Branchial Index (TBI)
- 👂 8 MHz Transducer Doppler Probe
- 👂 Photo Plethysmography (PPG) Toe Sensor
- 👂 Large LCD Display
- 👂 Silent Pump Measures the Blood Pressure segmental Cuff sets with Toe cuff
- 👂 Penile flow sturdy
- 👂 Complete Measure Arterial vascular profile
- 👂 Connection Via USB
- 👂 Software Supports Windows XP / 7 / 8 / 10

### Product Code:

Product	Size	Code
Automatic ABI/TBI Vasculare Doppler	-	04K04

## Hand Held Vascular Device – 04K05

Advin Health Care offers Hand Held Vascular Device with international quality standard. The hand held Vascular Doppler model is an instrument that detects blood flow using the principles of the Doppler effect. It is particularly useful for assessment of arterial disease but can also be used for venous problems.

### Advanced Features:

- 👂 Portable, Handheld Model
- 👂 Easily Change doppler probes
- 👂 Doppler are unidirectional
- 👂 Continuous Wave Doppler
- 👂 4, 5 and 8 MHz Vascular probes
- 👂 Rechargeable battery
- 👂 Long Battery Life
- 👂 Battery Voltage: 1.5 Volts
- 👂 Audio bandwidth: 350 HZ to 2 KHz

### Product Code:

Product	Size	Code
<b>Hand Held Vascular Device</b>	-	04K05

## Vascular Doppler Recorder – 04K06

Advin Health Care Provides ABI Vascular Doppler with International quality Standard. The Ankle Brachial Index (ABI) is a measure of the severity of atherosclerosis in the legs but is also an independent indicator of the risk of subsequent atherothrombotic events elsewhere in the vascular system.

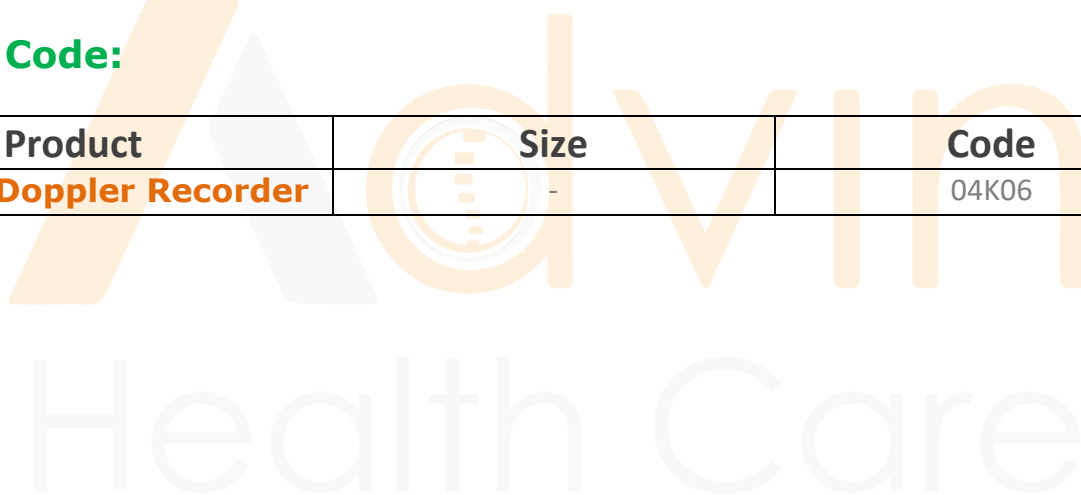

### Advanced Features:

- 👂 8 MHZ Transducer Doppler Probe Penile flow Study
- 👂 ABI Measure as per TASC II guidelines
- 👂 Complete arterial vascular profile Measure
- 👂 Connection Via USB
- 👂 Software install Windows XP / Window 7 / 8 /10
- 👂 Normal ABI range 0.9 to 1.4

### Product Code:

Product	Size	Code
Vascular Doppler Recorder	-	04K06

## Digital Biothesiometer - 04L02

Advin Health Care Provides Digital Biothesiometer with international quality standards. Determination by using a Digital Biothesiometer has been used to identify peripheral sensory neuropathy and subjects at risk of foot. Digital Biothesiometer helps us quantitate the threshold and monitor progressive changes or trends on following up testing.

### Advanced Features:

- 👂 Easy tool to quantify neuropathy
- 👂 Portable Vibration sense
- 👂 Digital 0 to 50 Volts indicator
- 👂 Probe disconnect & over volt alarm
- 👂 Vibration Check key to confirm result
- 👂 Built-in software to test monofilament testing.
- 👂 Connectivity Via USB
- 👂 Supports Windows Xp, 7, 8 & 10 operated PC
- 👂 PDF printing & Export of data is possible
- 👂 Data Backup & Retrieval
- 👂 Weighs less than 3 Kg
- 👂 Power supply: 100 – 240 V AC 50 – 60 Hz

### Product Code:

Product	Size	Code
Digital Biothesiometer	-	04L02

# Digital Biothesiometer with Vascular Doppler -04L03

Advin Health Care Provides Digital Biothesiometer with Vascular Doppler with International quality standards Digital Biothesiometer has been used to identify peripheral sensory neuropathy and subjects at risk of foot. Digital Biothesiometry helps us quantitate the threshold and monitor progressive changes or trends on following up testing.

## Advanced Features

- 👂 Doppler (C.W) with 8MHz Uni-Directional probe
- 👂 Ankle Brachial Index
- 👂 Doppler velocity waveform with ABI index
- 👂 0 to 50 Volts Vibration linear output
- 👂 Connectivity Via USB
- 👂 Software for data transfer, storage and patient report
- 👂 Software supports all formats of Windows Xp / 7 / 8 /10
- 👂 Standards matching International standards

## Product Code:

Product	Size	Code
Digital Biothesiometer with vascular Doppler	-	04L03

## Neuropathy Analyzer - 04L04

Advin Health Care Provides Neuropathy Analyzer with international quality standards. Small - fiber Test provides an easy-to use and scientifically validated measure of warm, cool and heat pain thermal sensory thresholds, all clinically useful determinants in the evaluation of neuropathy.

Vibration perception Threshold (VPT) has been shown to be strongly associated with foot ulceration. VPT determination by using a Digital Biothesiometer has been used to identify peripheral sensory neuropathy and subjects at risk of foot. Digital Biothesiometer helps us to quantitate the threshold and monitor progressive changes or trends on following up testing.

### Advanced Features

- 👉 Full solid-state design with PC enabled
- 👉 Easy Tool to quantify Neuropathy
- 👉 Temperature Range 1 ~ 50° C
- 👉 1° C rate of change per second
- 👉 Remote keypad helps easy operation
- 👉 Single probe delivers both Hot & Cold temperatures
- 👉 Automatic interpretation based on set values
- 👉 Early detection of Small Fiber Neuropathy
- 👉 Software supports Windows XP(SP3) / Win 7 / Win 8 / Win10
- 👉 Patient report storage, export, pdf options available
- 👉 USB interface

### Product Code:

Product	Size	Code
<b>Neuropathy Analyzer</b>	-	04L04

# Cardiac Automatic Neuropathy System Analyzer -

## 04L05

Advin Health Care offers Cardiac Automatic Neuropathy System Analyzer with international quality standards. Autonomic individuals with diabetes, about 20% had abnormal cardiovascular autonomic function. Reduced heart rate variation is the earliest indicator of cardiovascular autonomic neuropathy.

The increased prevalence of painless myocardial infarction in diabetes has been attributed to autonomic neuropathy. Damage to autonomic nerve fibers from the myocardium of patients dying from painless myocardial infarction has recently been reported.

### Advanced Features

- 👤 Analyses Sympathetic and Parasympathetic Autonomic Nervous Function
- 👤 Simple array of six tests completes the Comprehensive study
- 👤 Fully automated NIBP kit enhances the BP measurements
- 👤 Display of raw ECG and heart rate(HR) histogram supports the diagnosis
- 👤 Needs a Windows XP/7/8/10 enabled computer to perform
- 👤 Patient report with ECG, HR Histogram and BP values
- 👤 Resting ECG, Deep breathing ECG and Expiration and Inspiration Ratio
- 👤 Supine to Standing ECG and 30:15 ratio
- 👤 40mmHg pressure and Valsalva ratio
- 👤 Postural Hypertension resting BP, BP immediately after standing and BP after one minute standing are measured to assess the fall in systolic BP
- 👤 Sustained Hand Grip BP beforehand grip and after 5 minute of hand grip is measured to assess the increase in diastolic BP
- 👤 Final impression consists of Parasympathetic function, Sympathetic function and Cardiac Autonomic Function

**Product Code:**

Product	Size	Code
Cardiac Automatic Neuropathy system analyzer	-	04L05

# Neuropathy Muscular Stimulator – 04M01

Advin Health Care Provides Neuropathy Muscular Stimulator with international quality standards. A table top device designed for the use at hospital with dual channel of stimulation outputs. Three important modes of treatment provide Neuromuscular Stimulation (NST), Muscle Stimulation (EMS) and Transcutaneous Nerve Stimulation (TENS).

## Advanced Features

- 👉 Dual independent adjustable stimulation output
- 👉 Delivers adjustable output voltage of 90 volts against a load of 4.7 K. Ohms
- 👉 Built-in modes of NST, EMS & TENS
- 👉 Operates on mains 230Volts
- 👉 Supplied with 2 pairs of two-inch conductive rubber electrodes
- 👉 Supplied with one pair of conductive reusable socks
- 👉 Supplied with one pair of conductive gloves for treating Carpal Tunnel Syndrome.
- 👉 Supplied with one pair of conductive footwear type electrode to cover larger area
- 👉 Supplied with one pair of conductive footwear type electrode to cover larger area

## Product Code:

Product	Size	Code
<b>Neuropathy Muscular stimulator</b>	-	04M01

## LED IR Light Therapy – 04M02

Advin Health Care Provides LED IR Light Therapy with international quality standards. Infrared light therapy is applied in the treatment of various health conditions, including back pain, arthritis, bursitis, blunt trauma, muscle strain, carpal tunnel syndrome, neck pain, back pain, diabetic neuropathy, rheumatoid arthritis, temporomandibular joint pain (TMJ), tendonitis, wounds, sciatica, and surgical.

### Advanced Features

- 🏠 Table Top model
- 🏠 LCD display panel indicates the operating mode, time left and channel selected
- 🏠 Supplied with two mini treatment pads
- 🏠 Each treatment pad drives 20 Nos of 650 nm LED and 30 Nos of IR LED
- 🏠 Energy delivered by each pad is 90<sup>0</sup> J/cm<sup>2</sup>
- 🏠 Pain and wound healing modes available
- 🏠 Timer can set automatic timing of 15 Min.

### Product Code:

Product	Size	Code
LED IR Light Therapy	-	04M02

## Electronic Pain Killer – 04M03

Advin Health Care Provides Electronic Pain Killer with international quality standards. A transcutaneous electrical nerve stimulation (TENS) unit is a device that sends small electrical currents to targeted body parts. These currents are used to relieve pain. Electronic Pain Killer units are designed for the use of hospital.

### Advanced Features

- 🏠 Table Top model
- 🏠 Operates on Mains 230V AC
- 🏠 Custom made bi-phasic wave pattern
- 🏠 2 – 120Hz (pps) frequency selection
- 🏠 20 – 250 microseconds pulse width
- 🏠 0 to 110Volts Stimulation strength
- 🏠 Dual Channel output. Expandable up to 6 channel outputs
- 🏠 Continuous, Interrupted, Triangular, Saw tooth, Dense/Disperse Modulations
- 🏠 Modulation period variable – 0.5, 1.0, 2.0 sec

### Product Code:

Type	Size	Code
Electronic Pain Killer	-	04M03

# Ultrasound Wound Debrider – 04M04

Advin Health Care Provides Ultrasound Wound Debrider with International quality standards. It is used for removing devitalized tissue through micro streaming and cavitational effects. The non-thermal energy up-regulates cell activity and promotes growth factor and protein synthesis, fibrinolysis, and is anti-bacterial.

## Advanced Features

- 👉 Supplied with 4 different shape probe tips
- 👉 Two lines of Saline input for non-stop operation
- 👉 Portable & Light Weight Model
- 👉 Painless Debridement
- 👉 Less pain for patient
- 👉 Easy Operating
- 👉 Blood Clotting

## Technical specification:

### General Specification

<b>Host Output Power</b>	18 – 100KHz
<b>Frequency</b>	40 KHz±10KHz
<b>Power Supply</b>	100-240 VAC – 50 – 60Hz
<b>Power Consumption</b>	200 W
<b>Output Power</b>	15w
<b>Max. Liquid Flow</b>	200 ml/min
<b>Handpieces Amplitude</b>	80 – 100-micron meter
<b>Working Temp.</b>	0 - 40° C
<b>Relative Humidity</b>	80% RH
<b>Shock Type</b>	TYPE – I, BF
<b>Dimension</b>	300 x 360 x 145 cm
<b>Weight</b>	4KG

## Product Code:

Product	Size	Code
Ultrasound Wound Derider	-	04M04

## Podiatry Chair – 04N01

Advin Health Care Provides Podiatry Chair with international quality standards. These chairs are usually designed with an extended part for your legs when you can stretch and keep your legs in a comfortable position, and the podiatrist will check the feet along with the ankle.

### Advanced Features

- 👤 Flexible general-purpose chair for Podiatry and similar modalities
- 👤 Offers effortless electric height, seat tilt and backrest function with foot control
- 👤 With the 30° seat tilt, the maximum heel height is 1500mm
- 👤 The minimum height of 500mm makes access easy for all and the maximum heel height makes it easy to work standing if preferred
- 👤 Allows a higher weight bearing capacity of above 250 kgs

### Product Code:

Product	Size	Code
Podiatry Chair	-	04N01

## Podiatry Full Kit – 04N02

Advin Health Care Provides Podiatry Full Kit with international quality standards. The podiatry full kit comprises of simple and essential podiatry instruments that are used for removing corns, callous, nail cutting, nail trimming and corn shaving. All the instruments are made from high quality stainless steel which may be autoclaved. The additional tools help the podiatrists manage the foot well.

### Advanced Features

- 🩺 Made for High Quality Stainless Steel
- 🩺 Autoclavable and Reusable
- 🩺 Corrosion Proof
- 🩺 Smooth finishing

### Kit Contains

- 🩺 4.5 " Corn Shaver with plastic Handle
- 🩺 Cuticle nipper
- 🩺 4.75" Nail cutter barrel spring handle
- 🩺 5.5" Nail cutter Moon-shape double spring
- 🩺 Spoon with probe double ended
- 🩺 Double ended blunt probe with file
- 🩺 Nail File
- 🩺 4.5" Toe nail scissor straight
- 🩺 4" Nail Cutter Straight shape
- 🩺 Scraper fine triangle tip single ended

### Product Code:

Type	Size	Code
<b>Podiatry Full Kit</b>	-	04N02

## Podiatry Mini Kit – 04N03

Advin Health Care Provides Podiatry Mini Kit with International quality standards. The podiatry mini kit comprises of simple and essential podiatry instruments that are used for removing corns, callous, nail cutting, nail trimming and corn shaving. All the instruments are made from high quality stainless steel which may be autoclaved. The mini kit consists of 5 essential podiatric tools.

### Advanced Features

- 🩺 Made for High quality stainless steel
- 🩺 Corrosion Proof
- 🩺 Smooth finishing
- 🩺 Autoclavable and Reusable

### Kit Contains

- 🩺 4.5 " Corn Shaver with plastic Handle
- 🩺 Cuticle nipper
- 🩺 4.75" Nail cutter barrel spring handle
- 🩺 5.5" Nail cutter Moon-shape double spring
- 🩺 Spoon with probe double ended

<b>Dermabrasion Machine</b>	-	0400102

## Derma Microscope – 0400103

Advin Health Care Offers Derma Microscope with international quality standards. Dermatology microscopes are used to view thin slices of skin tissue. Dermatology microscopes are used to view thin slices of skin tissue.

### Advanced Features

- 👁️ 2.0 Megapixel resolution
- 👁️ 12 levels of polarization
- 👁️ Easily captures microscopic Pictures
- 👁️ Observes and records in real time (30FPS)
- 👁️ Multi-layered glass lenses
- 👁️ Rugged industrialized construction

### Technical Specification:

Specification	
Image Sensor	2.0 Megapixels
Flick Frequency	50/60 Hz
Frame Rate	30 fps
Light Sources	8 LEDS
Video Format	AVI
Photo Format	JPEG
Power supply	5 VDC from USB Port

### Product Code:

Product	Size	Code
Derma Microscope	-	0400103

## Battery Cautery – 0400104

Advin Health Care Offers Battery Cautery with international quality standards. It is Useful for dermatologists for treatment of molluscum (M.C) & most minor surgical work. A second tip offered as optional extra. Completely safe.

### Advanced Features

- 👉 Operates on pen torch cell
- 👉 Added feature of replaceable AA batteries
- 👉 Fine & Loop type tip-replaceable
- 👉 Pocket size, instant use
- 👉 Pressure-sensitive switch
- 👉 Useful for dermatologists for treatment of molluscum (M.C)
- 👉 Most minor surgical work
- 👉 A second tip offered as optional extra
- 👉 Completely safe
- 👉 No service is required

### Technical Specification:

#### General Specification

<b>Operating Tip</b>	Straight or Curved
<b>Working Temperature</b>	700 degree C
<b>Weight</b>	110 gm
<b>Voltage</b>	2.4 V to 3 V
<b>Tip Length</b>	30 mm

### Product Code:

Product	Size	Code
Battery Cautery	-	0400104

## Mini Cryo Gun– 04O0105

Advin Health Care Offers Liquid Nitrogen Cryogenic System (Mini Cryo Gun) with international quality standards. Liquid Nitrogen for the treatment of skin tumors, skin tags and malignant basal cell carcinoma and the majority of dermatologists have adopted and can be treated by simple freezing using liquid nitrogen cryo spray. Skin tags usually shrivel up and fall off within a few days of freezing.

### Advanced Features

- 👉 Liquid Nitrogen Cryo treatment only requires about 1/3 the time required by CO2 snow or Oxide system cryo to achieve the appropriate degree of freezing because of the relative temperatures
- 👉 Liquid Nitrogen can be applied directly by spraying the GUN
- 👉 It is convenient to arrange a freezing session on a specific day
- 👉 No form of anesthesia is required for freezing it can be carried out single handed and with no scarring results
- 👉 Easily portable and can be used at any consulting room
- 👉 Complete hemostasis and high patient acceptance. A good number of lesions can be treated at a time
- 👉 Carcinoma and Skin tumors can be treated
- 👉 Elderly patients and children can be treated with Liquid Nitrogen

### Kit Contains:

- 👉 Spray Nozzle Plain (Common)
- 👉 Spray Nozzle Pointed Needle
- 👉 Spray Nozzle Curved Needle
- 👉 Spray Nozzle Fan Needle
- 👉 Gas conveying tube
- 👉 Spray tip
- 👉 Trigger & Top cap
- 👉 Liquid container
- 👉 Safety release valve

**Product Code:**

Product	Size	Code
Liquid Nitrogen Cryogenic System	-	0400105

## Micro Motor – 0400106

Advin Health Care Offers Micro Motor with international quality standards. Designed to meet the high precision, reliability and power/speed required for driving mostly Diamond Burs/fraises. Transplant/Biopsy Punches, Drills with standard 2.35 mm diameter and other small instrument where high speed rotation is required. Thus it is extremely useful in dermatology, plastic surgery, ENT, Orthopedic surgery, Dental Work, etc.

### Advanced Features

- 👉 Ensuring smooth operation
- 👉 Possible to attach a contra
- 👉 Angle or straight handpiece for a desired purpose
- 👉 Straight handpieces or contra
- 👉 Angle can be combined with E type motor optionally
- 👉 Compact and portable
- 👉 Continuous variable speed control
- 👉 On/off foot switch
- 👉 One-touch change of the driving direction for efficient operation
- 👉 No noise, vibration or heat after long hr. of operation

### Technical Specification:

General Specification	
<b>Power</b>	100 - 220 V AC 50/60 Hz
<b>Speed</b>	33 RPM
<b>Weight</b>	1.5 kg
<b>Dimension</b>	100 x 130 x 67 mm

### Product Code:

Product	Size	Code
<b>Micro Motor</b>	-	0400106

## Iontophoresis Machine – 0400107

Advin Health Care Offers Iontophoresis Machine with international quality standards. Iontophoresis Machine is most often used to treat severe sweating; it may also be used to treat a variety of sports injuries. Adding anti-inflammatory medicines to the water during iontophoresis can ease heel pain and other soft-tissue injuries. The electrical current helps the skin easily absorb the medications.

### Advanced Features

- 👩 An inexpensive machine, its operating costs are very low
- 👩 Its operation requires almost negligible prior training
- 👩 Very effective, safe and gives superior results, thereby increasing the efficiency of the physician
- 👩 Increase the permeability of the skin
- 👩 To treat some types of palmar-plantar hyperhidrosis
- 👩 To stimulate sweat secretion, as part of cystic fibrosis diagnosis
- 👩 Relieving hyperhidrosis of palms, soles and in armpits

### Product Code:

Product	Size	Code
Iontophoresis Machine	-	0400107

## Digital Thermal Cautery – 0400108

Advin Health Care Offers Digital Thermal Cautery with international quality standards. Thermo cautery or Battery cautery is designed for ambulatory surgical use in Dermatology where can be used to remove small varicose Growths, Papilomas, Warts Skin Tags, DPN (Vaginal and Vulval) warts etc.

### Advanced Features:

- 🏠 Handy, Light weight
- 🏠 Easy to handle since it is shaped like a pencil
- 🏠 Wireless, hence it can be used whenever there is no electrical power supply accessible
- 🏠 Owing to low cost and operational possibilities it can be used as a complement to a High frequency electro cautery
- 🏠 Straight or curved operating tips for everyday use
- 🏠 No Electro Magnetic Output

### Product Code:

Product	Size	Code
Digital Thermal Cautery	-	0400108

## Mesotherapy Machine – 0400109

Advin Health Care Offers Mesotherapy Machine with International quality standards. This Machine used to treatment of improves the appearance of fine line and wrinkle. Ultra sound also generates fractional heat that will improve blood circulation, relax muscles and break down the fatty deposits to reduce cellulite.

### Advanced Features

- 👉 Negligible maintenance
- 👉 Easy to operate Sturdy construction
- 👉 Solid - state Ultrasound Base Mesotherapy Unit
- 👉 Most Advanced Technology for best result
- 👉 Dual Frequency Mode 1 MHz & 3 MHz
- 👉 No need for training
- 👉 1 MHz Use for Deep Penetration
- 👉 3 MHz Use for Super facial & Sensitive Skin

### Technical Specification:

General Specification	
<b>Treatment Time</b>	20 Min. Max.
<b>Ultrasound Frequency</b>	1 MHz, 3 MHz
<b>Display</b>	Seven Segment LCD Display
<b>Max. Output in Cont. Mode</b>	15W
<b>Max. Output in Pulse Mode</b>	21 W
<b>Pulse avg. ratio</b>	Duty Cycle 5 – 100%
<b>Transducer</b>	Ergonomic Heads with 1 & 3 MHz
<b>Power Supply</b>	220 V AC – 50 Hz

### Product Code:

Product	Size	Code
<b>Mesotherapy Machine</b>	-	0400109

## Derma / Meso Pen – 0400110

Advin Health Care Offers Derma pen with international quality standards. Derma Pen is a skin micro-needling treatment with minimum downtime which promotes scar less healing and natural collagen production in the skin to improve the appearance of scars, acne scarring, stretch marks, wrinkles, pigmentation and rejuvenate the skin.

### Advanced Features:

- 👉 A system with multi-acupuncture needles to stimulate the skin
- 👉 Effective use in hospitals as AMTS (Automatic Micro-needle Therapy System)
- 👉 Convenient use with rechargeable batteries
- 👉 The whole family can use it with a simple needle replacement
- 👉 Multi-needling system stimulating skin
- 👉 Depth adjustable (0.25mm~2.0mm) only with 1 needle
- 👉 Much decreased pain compared to meso roller
- 👉 Excellent improving effect
- 👉 Battery charging system

### Product includes:

- 👉 1 hand piece
- 👉 1 recharging cradle
- 👉 1 power code
- 👉 1 guides
- 👉 2 needle tips

### Product Code:

Product	Size	Code
<b>Derma / Meso Pen</b>	-	0400110

## Mole Removal Spot Pen – 0400111

Advin Health Care Offers Mole Removal Spot Pen with international quality standards. Mole removal pens claim they are effective at removing tattoos.

### Advanced Features:

- 👉 Using the latest technology, microcomputer control, safe and convenient
- 👉 Using three adjustable power output sweep spot, smart and reliable treatment
- 👉 Unique electric ion technology, the course will not make people feel the presence of Current, no bleeding
- 👉 The battery, a charge can work more than five

### Product Code:

Product	Size	Code
Mole Removal Spot Pen	-	0400111

## Meso Gun – 0400112

Advin Health Care Offers Meso Gun with international quality standards. Meso-Gun Therapy (in conjunction with hyaluronic acid and/or PRP) Mesotherapy involves multiple injections of clinically specialized ingredients such as hyaluronic acid and/or platelet rich plasma (PRP) into the layer of skin just below the surface using a very fine needle.

### Advanced Features:

- 👉 Light Weight and relatively small size make the hand easy to perform
- 👉 Possible to use continuously since injecting device and control parts are separated
- 👉 Practical and convenient cart makes performance easy at small room
- 👉 Needle guider helps to control injecting depth
- 👉 Possible to use any needle and syringe under 10cc
- 👉 Micro process inside makes possible for various injection modes

### Application

- 👉 Anti-wrinkle
- 👉 Extra Bio whitening
- 👉 Wrinkle Removal
- 👉 Skin firming serum
- 👉 Skin regens

### Main function:

- 👉 Quick reshape the face, reduce double chin, nasolabial fat, nasolabial folds, to tighten the face contour and end bag face, easily create the most photogenic little face in 7 minutes.
- 👉 Dispel forehead wrinkles, pattern, nasolabial folds, neck wrinkles in 20 minutes
